Dysart tax bill is up by 9.75 per cent for 1983

Despite the fact that the municipal portion of the Dysart tax did not go up at all over last year, an increase in the board of education levy and in the county level have resulted in a tax increase of 9.75 per cent for ratepayers.

Reeve Murray Fearrey told the Echo Monday that the increase means ratepayers will pay \$40 per \$1000 of assessment.

The breakdown of the Dysart tax dollar shows that approximately 62.6 per cent goes toward the education levy, 15.7 per cent to the

county, and 21.7 per cent for the municipality.

The reeve said the county levy increase was due to a change to new apportionment. The switch from last year's "guaranteed mill rate" has caused half the increase in the county portion, he added. Much of the remainder of the 13 mill increase in the county levy is attributed to "committed funding for county road one."

The education levy went up by 30.8 mills, he said.

The reeve said that "generally

speaking, Dysart council was surprised" by the 11.6 per cent increase towards the education levy... especially when "we are being asked to hold our increases to six and five."

The stand-pat municipal budget included no increase for councillors and committee members, and assumed a lower bank rate in 1983 than last year, he said.

As a result, capital projects have been curtailed severely. The major project is the \$140,000 ONIP work, scheduled for this year. Repairs to

the arena roof highlight that project, which is funded 50 per cent by the province.

Reeve Fearrey said the other half of the project's costs will come from the sale of municipal property. "We have about 150 parcels of land," he noted.

Taxpayers, as a result, will not finance ONIP through taxation, he said.

Generally, the reeve said he was "quite pleased" by the budget, adding that "every level of gov-

ernment...should practice a little belt-tightening."

Highlights

The breakdown of expenditures this year shows the "stand pat" effect. In 1982, \$353,260 was spent on general government -- and this year \$352,000 has been budgeted.

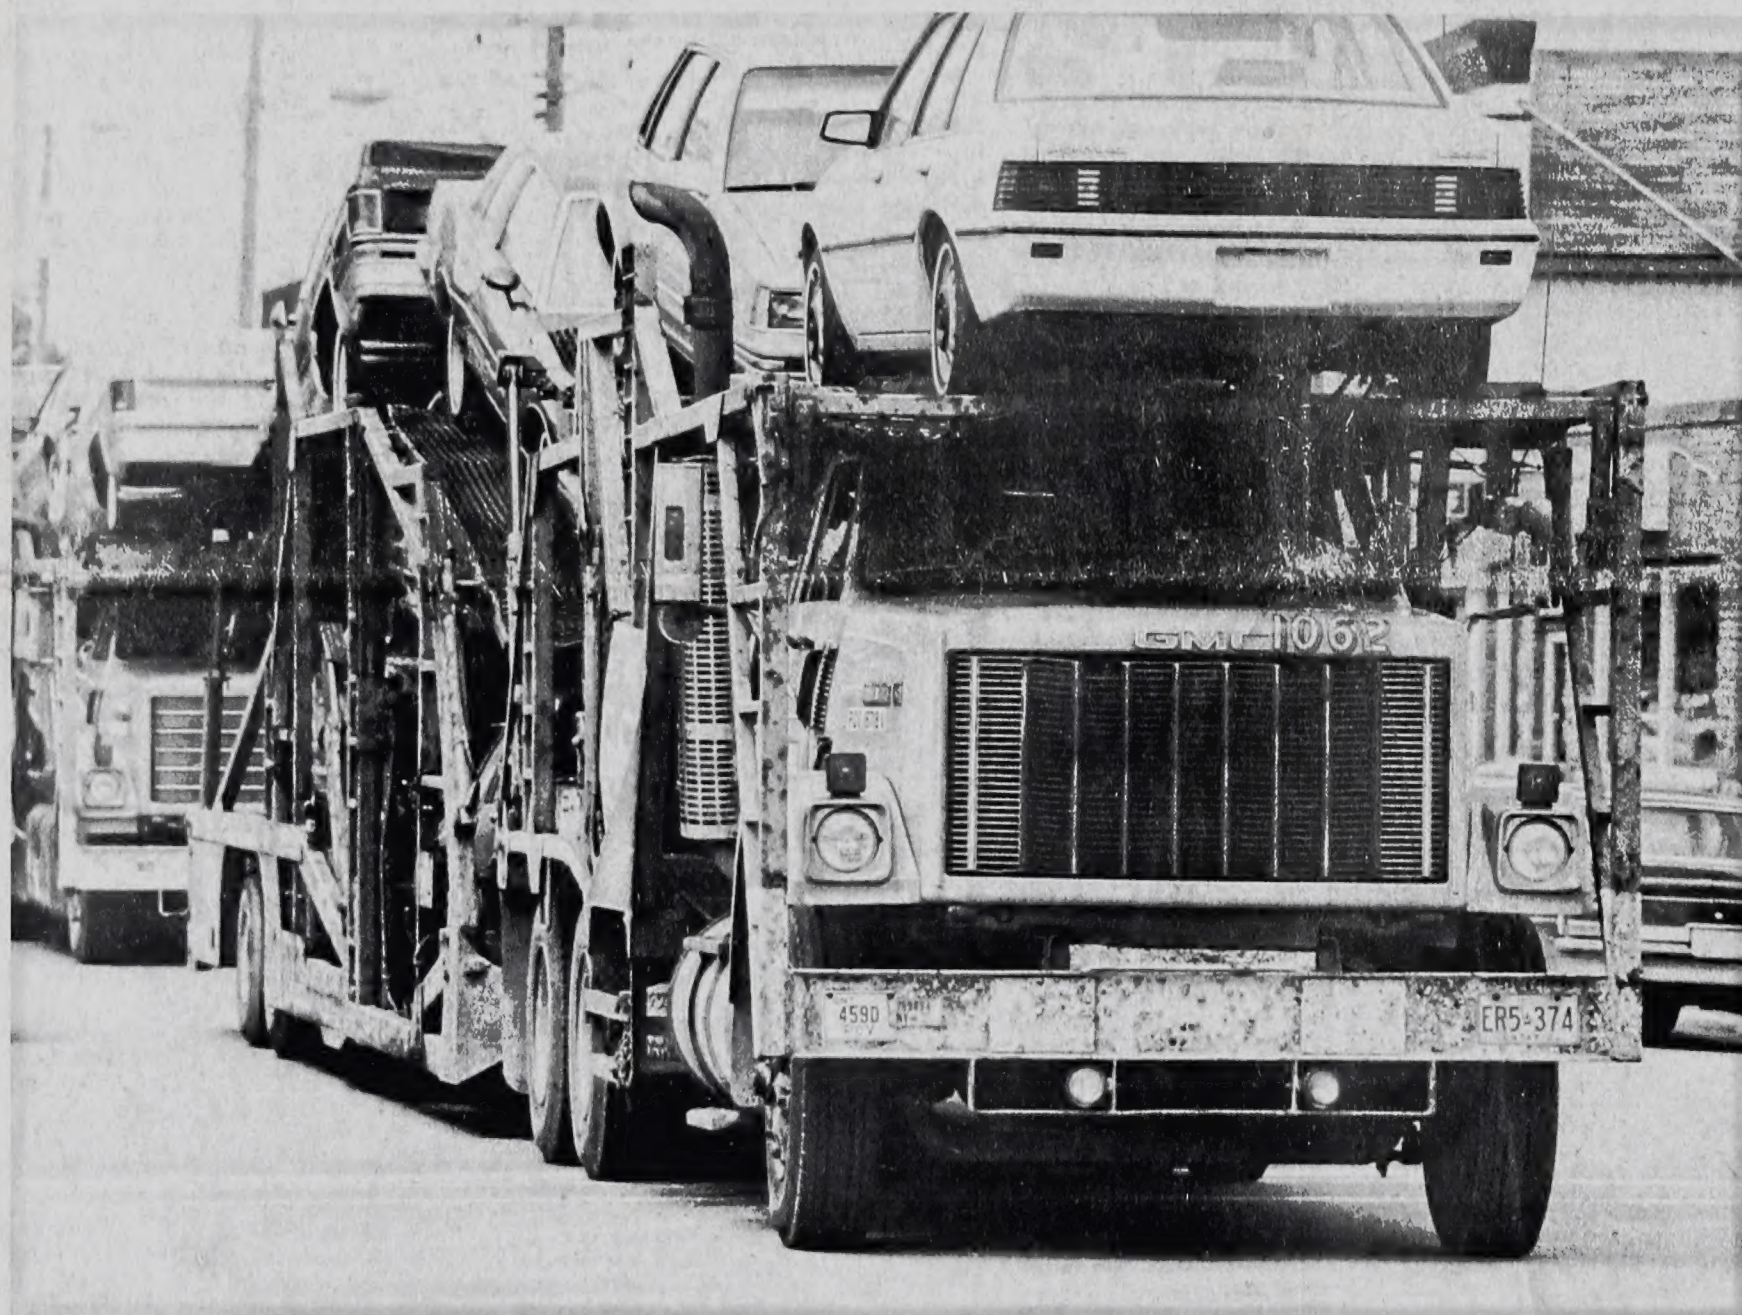

Protection to persons and property in 1982, was \$83,049 -- and this year's budget calls for \$81,500 to be spent in this area. The roads budget for this year is \$795,000, compared to \$815,054 the year before.

Other comparisons show the same "stand pat" figures:

- Environmental -- \$191,405 (1982 actual); \$160,000 in 1983 budget
- Health shows an increase -- \$143,000 budgeted this year, compared to \$135,035 spent last year

- Recreation and culture -- \$170,701 actual in 1982, \$117,908 this year.

Planning and development is set at \$146,000 this year -- but that figure includes the \$140,000 ONIP program. A total of \$3,918 was spent in that category last year.

Five huge truckloads of new automobiles thundered in Haliburton Friday afternoon, to kick off Curry Motors' 60th anniversary festivities.

It was quite a site to see on main street. Joe Iles of Curry Motors estimated the inventory of the new cars at about \$500,000.

Curry Motors kicks off 60th anniversary

When the big trucks rolled into Curry Motors last Friday, with 40 brand-new cars in tow, it marked a unique chapter in the history of the company.

This year Curry Motors is 60 years old -- and the local General Motors dealership has come an awful long way from the days when W.R. Curry ran his livery stable.

According to R.J. Curry, a longtime Haliburton resident and former president of Curry's, everything began back in 1913, when his father "purchased a new 1913 Ford car and used it in the livery business."

"Cars had begun to replace horses, but it wasn't until the mid-1930's that automobiles could be used from November to May," he noted. The reason, of

course, was the primitive state of those early roads -- they were simply tracks of dirt that weren't snowplowed in the winter "and were not much better than trails in early spring and fall," he said.

In fact, recalled Curry, in those early days it would take about an

hour to drive down to Minden from Haliburton. There were sections of corduroy road -- a road made of timber -- over the various swampy sections of the route. The corduroy sections had to be crossed in low gear, he said.

hour to drive down to Minden from Haliburton. There were sections of corduroy road -- a road made of timber -- over the various swampy sections of the route. The corduroy sections had to be crossed in low gear, he said.

Trucks roll in

livery stable after purchasing it from Stoddard and MacDonald. R.J. Curry recalls that his father's 1913 Ford was the second car ever owned in the village.

"In 1921 my father built a garage on the present location of

the Red and White Store," he said. That year and the next they sold nine Willys Overlands and two Gray Darts.

The early cars were much simpler than those of today, he said. However, modern cars "are far superior," he pointed out. "Those cars weren't intended for high speed or long-distance travel," he said.

Maintenance was a far cry from what it is today. Gasoline was brought up in corks barrels on the train, and then siphoned into underground holding tanks. Parts had to be ordered from Lindsay -- and in the winter, when cars were taken off the roads, batteries were taken out, shipped to Lindsay, and charged all winter long, recalled Curry.

Hospital merger faces long delay

The twinning of the Haliburton and Minden Red Cross Hospitals with St. Joseph's in Peterborough has been delayed for at least one year.

Ken Morley, the regional council chairman for the Canadian Red Cross Society, called the delay "an unfortunate circumstance" that will mean the two hospitals won't be transferred "in the foreseeable future."

However, he stressed that the Red Cross will continue to operate both hospitals, adding that there is no question of them being "closed, or effected in any way, by the delay."

According to a letter from Red Cross official J.T. West, a meeting between Society officials and Ministry of Health representatives was held May 10, "for the purpose of discussing the hospital transfers

and the delays which have ensued to date." In all, eight hospitals now run by the Red Cross were slated for transfer, explained Morley.

West cited "the sole problem" as being "the inability of the Ministry to provide the incremental operating funds required by the hospitals assuming this responsibility."

Apparently there were "competing requirements" at the Ministry of Health when representation was made for more funds, states the letter.

"At any rate, the desire on the part of the Red Cross to transfer the eight hospitals continues unabated as is the Ministry's interest in seeing this action taken. Our sole concern is that there will be a delay in the process which could extend for up to 12 months, and thereby well into the next fiscal year," concluded West.

AHM releases 1983 municipal budget

Although it's a little early to say just yet, things look pretty good for Anson, Hindon and Minden ratepayers.

Deputy-reeve Ed Pergolas ("Pursestrings"), as he's called by Coun. Gary Kenney, announced last Thursday that the municipal portion of AHM's 1983 budget had been held to a 5.2 per cent increase.

The deputy-reeve gave a brief summation of the new budget, which will be formally accepted at an upcoming special meeting of council. The meeting is set for Thursday at 7 p.m.

Expenditures for 1983 are budgeted at \$1,328,953. Last year, expenditures reached the \$1,229,380 level, and Pergolas said the increase is forecast at \$99,573.

He further explained that taxpayers paid \$379,505 in municipal taxes last year, and will be paying \$399,323 this year.

"It's interesting to note...that taxpayers raise 33.2 per cent of taxation. The rest is raised through grants, payments in lieu of taxes, and so on," he said. In plainer terms the balance is footed by other levels of government, said the deputy-reeve.

There was a \$10,000 deficit last year, he said, but that money has been given back by the province, and the deficit erased.

Projects

Deputy-reeve Pergolas reported that one of the biggest projects in store in this year's budget is the installation of computers in the municipal office. The computers will cost about \$16,000. Software costs have not yet been determined, he said.

"We hope they will pay for themselves in three or four years," he said. Where in the past it was

sometimes difficult to get reports out, information will be instantaneous, added the deputy-reeve.

Other highlights include:

- the paving of "the roads torn up last year" (Prince Street, Bobcaygeon Road, and Newcastle Street)
- \$14,700 (already spent) on the Mini-Fair project
- the building of a \$24,000 ambulance garage beside the fire hall (which will dramatically increase the amount of office space in the municipal offices)
- the CAUSE-Plus project -- a \$199,000 project covered by the COED grant and municipal reserves
- a further \$20,000 for the BIA area
- \$36,000 for planning and development (updating the official plan and the costs of the AHM/Lutterworth area information booth).

Reserves good

The deputy-reeve noted that AHM reserves "are in pretty good shape." A total of 75 per cent of the municipality's total commitment towards sick leave benefits are to be paid off this year, and a total of \$139,000 is in the working fund reserve.

That money, he said, would be used when and if the municipality wants to raise money for a major project. "If we ever have to build anything which would require debentures, we could borrow from that reserve as you would apply it to a debenture payment," said Pergolas.

During a brief question and answer session the deputy-reeve touted the new computer system. The municipality will own its own computer programs, which will mean a major savings.

It will be used for payroll calculations, and for tax bills, he said.

Please turn to Page 13

Board of education budget tops \$7 million mark in 1983

County taxpayers are going to pay between 11.9 and 13.4 per cent more for the board of education portion of their 1983 tax bill -- and the board's 1983 budget will top 7.6 million.

Figures released last week by the Haliburton County Board of Education show Dysart taxpayers will contribute the largest share of the education levy -- \$1,306,153, an

11.6 increase over the amount paid last year.

Anson, Hindon and Minden ratepayers will foot \$846,599 for county education in 1983, up by 11.9 per cent. The other municipalities are listed in order:

- Stanhope -- \$504,074 (11.5 per cent increase)
- Sherborne et al -- \$393,781 (13.3 per cent increase)

- Lutterworth -- \$318,226 (11.9 per cent increase)
- Glamorgan -- \$269,866 (11.9 per cent increase)
- Cardiff -- \$214,976 (12.4 per cent increase)
- Monmouth -- \$177,451 (13 per cent increase)
- Snowdon -- \$142,993 (12.8 per cent increase)
- Bicroft -- \$69,663 (13.4 per cent increase)

increase)

The \$7.6 million budget can be broken down this way -- provincial grants total \$3,212,851, an 8.3 per cent increase from 1982, while the municipalities will pay \$4,243,782, up 12 per cent from last year. A further \$100,043 will be generated through other sources (up 12 per cent) and \$45,451 appears in the "over levy prior years" category.

OPP report

During the period between May 23 and 29, personnel at Minden Detachment of the OPP investigated five motor vehicle accidents (three persons injured) and 70 general occurrences (15 thefts, eight break and enters, and five damage complaints).

Thefts

An unusually high number of thefts occurred during the past week. Included in the items stolen were moeny, canoes, a motorbike, and the most expensive from a dollar viewpoint, four chainsaws valued at \$2,500. These were stolen from beside a log skidder parked in the bush near Denna Lake. The chainsaws had been stolen in a steel box which was padlocked. In another occurrence, the flag at the Wilberforce Legion was stolen.

Assault

At 9:30 p.m. on Wednesday, May 25 an 18-year-old Haliburton girl was jogging in the area of the Haliburton High School. She was approached by a young male asking directions, who began following her and eventually knocked her to the ground from behind. She managed to fight him off and escaped to her nearby home. From there she was taken to the Haliburton Hospital and treated for cuts and bruises.

A police investigation has led to a charge of sexual assault being laid against William Gordon Lupton, 19, of RR 4 Huntsville. He is scheduled to appear in Minden court on June 6.

Break-in

Sometime since Saturday on the Victoria Day weekend the door at the Dorset Library was forced and a small amount of change taken from inside. There was \$30 damage to the door frame. Footprints indicate the offence was likely related to the break-in at the Dorset Municipal Office already reported.

Single Car Accident

At 8:15 p.m. May 26, on Highway 503, east of Gooderham, Craig Mintz, 17, of Glamorgan Township, lost control of the '73 Chevrolet he was driving. It left the roadway and rolled over into the ditch sustaining \$4,000 (write-off) damage. He was injured slightly, and charged with careless driving. Investigated by PC Paul Shaughnessy.

Two-car accident

At 9:30 p.m. May 27 a two-vehicle accident occurred at the 12-mile Lake bridge on Highway 35 in Minden township. A '71 Chevrolet pickup truck, driven by Douglas Colbourn, 41, of RR6 Bowmanville, was southbound when struck in the rear by a 1980 Pontiac which approached from the rear. Driver was Cornelis Edward Bergshoeff, 19, of Fruitland, Ontario. He was charged with impaired driving. The vehicles were damaged \$2,000 each. Investigated by PC Paul Shaughnessy.

Wig-a-mog meeting

Local business people in the surrounding area will be briefed on an Ontario government program to assist small businesses at Wig-a-Mog Inn on Wednesday, June 8 at 7:30 p.m.

The Small Business Management Development Program, sponsored by the Ministry of Industry and Trade is intended to provide established locally owned and managed businesses with up-to-date information on management techniques.

The program objectives are to improve the service, organization and profit structure of retailers, tourist operators and service companies in the program, through counselling and

the demonstration of new management and accounting procedures.

The program will be co-ordinated by The Haliburton Highlands Chamber of Commerce through their Economic Development Committee which will select 25 owner-managed businesses from the list of applicants.

Each of the selected businesses will have its operations assessed confidentially by a consulting firm hired by the ministry.

Interested individuals are invited to leave their names at the end of the meeting or telephone the Chamber at 286-1760.

Committee members are:

Rails' End Gallery facing tough times

The 1982-83 (May to May) fiscal year for Rails' End Gallery has closed on a grim note. A shortfall in its budget of some four per cent rings a stern warning that there is a serious possibility that the Gallery as we know it may not survive the next winter. Since its inception, a balanced budget has required that some 15 per cent of its operating monies be raised through fund raising and by private donations. This has been, for the past two years, about \$15,000. All other monies are raised through the resources of the Guild to support the Gallery operation. This year only some \$4,600 has been raised to meet that 15 per cent revenue figure. The result would have been more disastrous if the gallery itself did not generate sufficient revenue to offset the shortfall.

The following people

have helped in this year of hard economic times: Patron Dr. and Mrs. Harry Good; Friend Jack Austin Drugs; over \$1000: Blair Sand and Gravel, Harry Heyes, Lois Smith, Ron J. Curry, Phyllis Woodcock, Dr. Robert Heyes, Haliburton High School Charity Fund, Barbara Bolin, and Curry Motors. Others: John Stouffer, Jean Millar, Jane Holmes, Ernest Warten, Sheila Mulherin, Barbara Carver, Black's Hardware, J&K Office Supply, Sadie Barnes, VanLeishout Real Estate, Jean Brown, Dorothy Hodgson, Frank Barnes, Dal and Nancy Hubbard, Katherine Schoo, Margaret Rouse, and Charles Brandon.

To this list, donated labor from citizens in the community must be added. Unfortunately, no record is kept of the tremendous number of hours of effort

given by many who helped the gallery to exist through their free giving of time and talents.

Rails' End Gallery new fiscal year begins June 1. Fund raising activities have been identified throughout the summer until mid October. Should the required injections of private monies again fall short, the Board of Directors will have to make serious decisions about the fate of the old station by November.

There are many who do not realize that a gallery can be like a small industry in the village - a vital tourist attraction. The situation in Kleinburg recently well illustrates that fact. There, the popular McMichael Gallery closed for two years. Out of the twenty-two businesses in the community during that time, nine collapsed and four changed ownership. While

Rails' End does not pretend to be on the same level as the McMichael, it does illustrate the gallery is a vital part of the economic life of a community.

One of the factors that figured in the choice of Haliburton as a site for the Canadian Craft Conference, was the existence of a Gallery in Haliburton village large enough to host a major show. This is a conference that has been held the past years in cities from Halifax to Vancouver. Haliburton village would not have been considered if an exhibition space such as that in the station did not exist. Many other lodges will be listing the gallery in their promotion packages to entice clientele as a special attraction. However, that attraction may not exist by this time next year if the community does not see fit to support it.

SSFC sets date for cartography conference

Sir Sandford Fleming College's (SSFC) School of Natural Resources in co-operation with the Ontario Institute of Chartered Cartographers (OICC) and the Canadian Institute of Surveying (CIS) is hosting an international conference on cartography in Lindsay from May 30 to June 1, 1983.

"Cartotechniques III" will mark the third time that the College has staged this conference which is unique due to the large number of delegates it attracts from a cross-section of the cartographic field. Last year over two hundred attended with expertise in fields ranging from remote sensing, photogrammetry, and computer cartography

to topographical, geological and thematic mapping. Another unique feature is the availability of accredited workshops for those wishing to upgrade their qualifications in the field.

Gord McElravy, an SSFC cartography instructor and current President of the OICC, has been instrumental in organizing the conference. "Basically the objectives we hope to achieve through Cartotechniques III are to provide a forum for the introduction of new technologies in the field and the opportunity to exchange views and expertise," he said.

A number of international figures are scheduled to make presentations including Robert Hall, NASA

Aerospace Cartography, John McLaughlin, University of New Brunswick, Joel Morrison, University of Wisconsin, Dr. S. Pala of the Ontario Centre for Remote Sensing and Duane Marble, State University of New York at Buffalo.

Over 150 delegates are expected to attend, representing federal, provincial and municipal governments, commercial firms, private companies and academic institutions from across Canada, the U.S. and as far away as Sweden.

One of the special attractions featured in the conference is a remote sensing equipped aircraft.

The conference format also includes an open house

each day from 1 to 4 p.m. Representatives of cartographic organizations are invited to tour the displays which will feature commercial exhibits of cartographic instruments, supplies and

HCBE approves 1983 budget

The regular meeting of the Haliburton County Board of Education was held in the board office on May 17, commencing at 8 p.m.

Present were Nancy Stinson, chairman of the board; Ross Anderson, Bonnie-Lee Berry, LeRoy Eager, Julie Hunter, Dorothy Kinsman, Linda Mumford, Cheryl Murdock, Leonard Salvatori, Brian Sisson, George Simmons, David Villard, Paul Wilson, J. Douglas Hodgson and Stanley Baker. Absent were Kelly Crick and Dr. Blair Pierce.

Mr. Ross Anderson reported on the transportation committee meeting and the following motion was passed.

• Moved by J. Hunter, seconded by C. Murdoch that the Haliburton County Board of Education accept the recommendations of the transportation committee, as printed. Carried.

Paul Wilson reported on the flooding situation at the Victoria Street Elementary School. He stated that his firm has been employed by Dysart council to prepare a plan regarding the beaver dams -- noting location, size and area. The lawyer for the municipality has stated that the dams are on private property and therefore the liability lies with the owners of the land. The municipality is dealing with the situation and Wilson will report again once there have been further developments.

Ross Anderson reported on the CEDSS committee meeting. He explained the method by which the committee members interviewed applicants for the position of internal committee chairman and finally arrived at their decision.

• Moved by R. Anderson, seconded by L. Salvatori that the Haliburton County Board of Education ratify the appointment of Douglas Mitchell as CEDSS chairman. Carried.

A letter was received from Sharon Chatfield outlining a

conference regarding programs for the gifted, which is to be held in the United States this summer. The board agreed to subsidize Mrs. Chatfield's attendance at this conference to a total of \$619 in U.S. funds.

J. Douglas Hodgson spoke about Ontario's plans to celebrate the bicentennial of the arrival of the United Empire Loyalists. A booklet, giving a short history of Ontario will be given to every student and teacher in the province. In Haliburton County each class will study a special unit in history dealing with the history of Haliburton County and Ontario during the 1983-84 school year. To some degree student trips will focus on activities relating to the bicentennial celebrations.

• Moved by C. Murdoch, seconded by B.L. Berry that the 1983 budget, in the amount of \$7,602,127 be approved. Carried.

• Moved by P. Wilson, seconded by J. Hunter that the requirement of \$4,243,782 from the municipalities in Haliburton County for 1983 as per the attached schedule be approved. Carried.

• Moved by J. Hunter, seconded by L. Mumford that the expenditures for the month of April, 1983, in the amount of \$454,453 be approved. Carried.

• Moved by P. Wilson, seconded by D. Kinsman that the Haliburton County Board of Education continue with the Student Accident Program as offered by Dawson Insurance through the Frank Cowen Company under a two-year contract which guarantees the board the same coverage and premium levels in the second year. Carried.

• Moved by L. Salvatori, seconded by R. Anderson that the Haliburton County Board of Education approve the minutes of the meeting of April 26, 1983, as written. Carried.

Monmouth seniors receive grant

Victoria-Haliburton MP Bill Scott recently announced a grant of \$3,190 has been earmarked for the Monmouth Senior Citizens Club of Wilberforce.

The club's president is Gerald Shackleton of Tory

Hill. A total of 65 people will be directly involved.

According to Scott's press release, the grant was requested "to initiate new programs and revitalizes its members who meet in the local community centre."

Important Message to all Advertisers

EFFECTIVE JUNE 22nd, 1983

THE DISPLAY AND CLASSIFIED RATES OF THE HALIBURTON COUNTY ECHO WILL BE INCREASED

This is the first price increase since June of 1981

The new rates will be as follows:

Retail Display Advertising - \$2.50 column inch

Commercial Classifieds and Auctions - 40 cents/agate line
\$5.00 minimum charge per insertion.

Garage, Yard Sales and Coming Events (30 words), Minimum - \$12.00 per insertion.

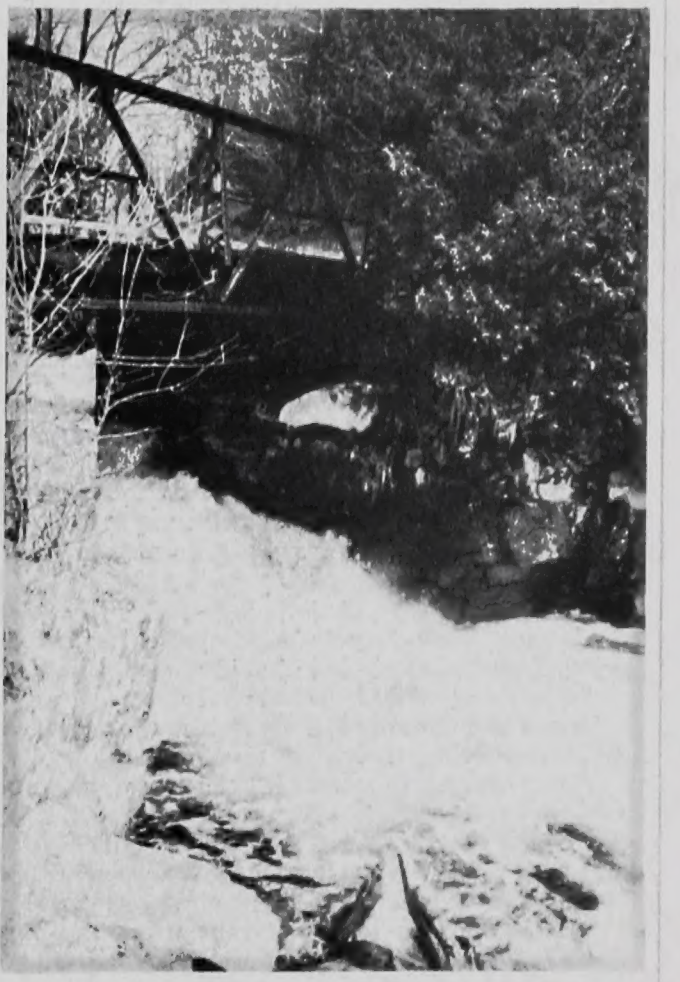

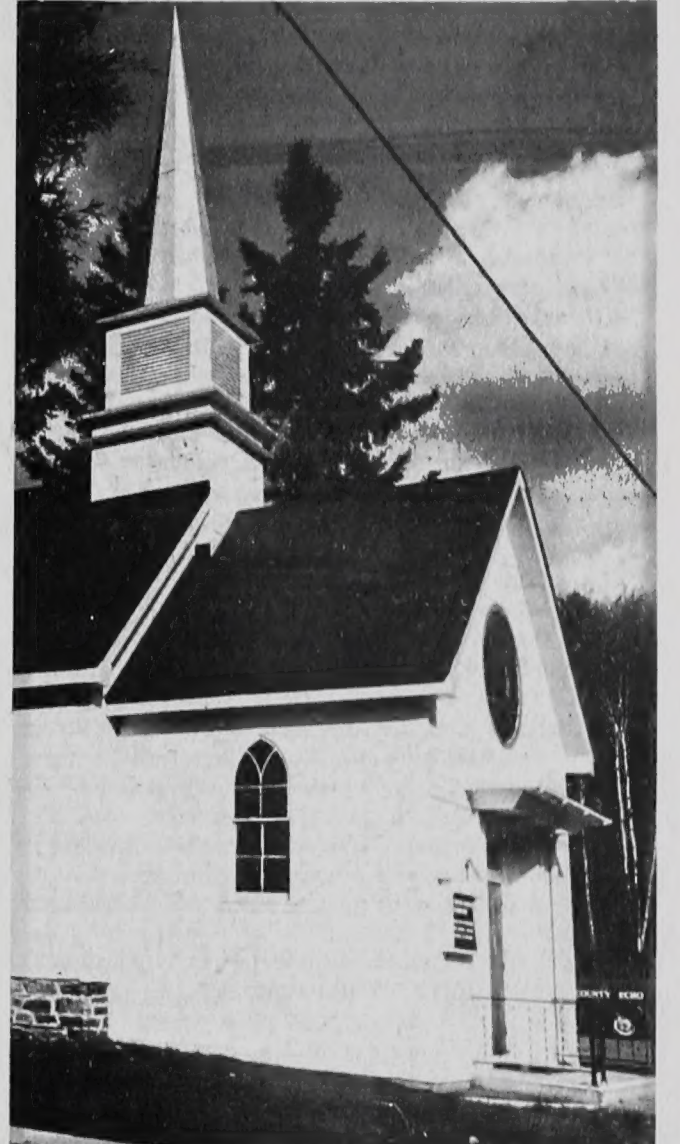

Prepaid Classified Ads, minimum charge \$4.00 (30 words).
BILLED CLASSIFIED ADS minimum charge \$6.00.

All Classifieds should be brought into our office, at Haliburton, delivered to Northland Sales, Minden or sent in the mail and paid in advance.

Deadline: Monday at 5:00 p.m.

Feature

Taking a spring tour of the Haliburton Highlands and area

Spring is a beautiful time for a drive in the Highlands. At top left, we see the view of the village of Minden from the lookout on the South Lake Road. In the foreground is highway 35. At top right, is a view of the main street of Haliburton village. More and more tourists are returning to open up

their cottages for the summer. Although the trains no longer run through Kinmount, the old station is still a scenic landmark in the village, as we see in the photo at bottom left. Crews are now hard at work taking out the old rails. In the middle row, at left, is Gooderham's main

street, a scenic village located on Highway 503. Beside that photo, we see the beautiful Zion United Church in Carnarvon. The scenic hamlet is located north of Minden on Highway 35. Tory Hill, located on Highway 121 was once a thriving town with four stores. One of these, Finlay's, is still operated.

At the bottom right, we see beautiful Ritchie Falls, near Lochlin, Ontario. A must on any scenic tour of the Highlands tour. Although the weather hasn't cooperated so far this summer we are sure that it will only be a matter of time until the beautiful colors of summer are again seen here.

Budget time again

Budget time always poses some interesting surprises.

For example, did you know that the Haliburton County Board of Education, in this time of six and five restraint, received an 8.3 per cent funding increase from the province and has approved a 12.6 per cent increase in their overall budget?

And did you know that their total budget is \$7,602,127?

Now, to be fair to the board of education, they have a wide variety of important tasks to perform -- and some very expensive, mandatory programs to implement. Special education, for example, is one such area, and the board must pay its staff as well. The board may well be the largest single employer in Haliburton County.

We have now learned the bottom line for Dysart et al's budget.

The municipal portion of taxation was not increased at all in 1983...that's right, a zero per cent increase.

The county portion jumped by 13 mills while the Dysart board levy jumped by some 30.8 mills.

A full 62.6 per cent of the Dysart tax dollar goes towards education, compared to 21.7 for the municipality and 15.7 per cent for the county.

What is the most interesting, in this context, is that while our reeves, deputy-reeves and councillors must, in many cases, struggle to win their seats, and then come under fire at public meetings, our board of education trustees are largely acclaimed.

Considering the fact that the board's budget is nearly seven times that of our county government, there should perhaps be more attention paid to their important duties.

Mini-fair setback

It's unfortunate indeed that the AHM mini-fair proposal has had to be cut back.

However, as members of AHM council hasten to point out, the fair may well prove more attractive to potential participants in years to come. As well, more "lead time" should be given for the local artisans to prepare a product line.

The mini-fair pavilions -- quick-assemble modular wood buildings -- will see other roles than originally intended. The joint Lutterworth/AHM area information centre will be housed in one, while a much needed outdoor washroom facility may well be located in the other.

We'll be left with one pavillion for future fairs, and that pavillion can be subdivided into booths. And certainly the pavillion will be useful at such local events as the fair.

Participation in the area information booth required AHM to supply a building, and having a pre-cut, easily-assembled structure on hand can be viewed as an asset.

What we need, now, is a boost from local craftspeople -- and perhaps a commitment that they'll be ready to go, on a smaller scale, next year.

Other Minden-area projects are beginning to shape up nicely. With a project manager now hired, it would appear that work on the NEED/COED project in the downtown core is going to begin shortly.

This major project will help change the face of Minden village, and open it up to further tourism.

Meeting is essential

The question of debating pesticide use at county council came up again this week.

There has been a rumbling from some readers who are not satisfied with the way in which the county council dismissed further discussion of the issue. However, many elected officials have supported the Warden's stand.

On the other hand, county councillors tend to view such talk as yet another issue in which they have little stake -- while conceding its importance.

Each month the council handles a wide variety of resolutions, each dealing with a specific provincial or national concern, and each originating from municipalities outside the county. Such things as farm tax assessment, mandatory health programs, user fees and education levy rates are among the many issues aired in recent months, through this forum.

In many cases, council does discuss issues brought to their attention in this manner. In many other cases they do not. The "pollution debate" did not originate in the same fashion -- it was begun at the request of Hydro Ontario and the local environmental committee.

But like those external resolutions, it was not begun at the request of county council.

Hydro made their pitch, and the committee was later given an opportunity to respond -- albeit a rather brief, limited one.

It appears the warden felt the county council was being used as nothing more than a "sounding board," by the groups -- a way to air their views publicly. Hence, he encouraged them to hold their own meetings and not use county council as a forum.

However, the environmentalists feel there's more to it than that, and suspect the county is not interested in hearing about the issue.

Let's wait and see how the anti-pollution committee's public meeting goes. If enough interest is expressed at that level on the subject, the county may have to re-think its stand.

The old railway station.

Council should be in touch with the people's views

To the Editor:

With reference to county council's vote not to continue the discussion on herbicide spraying in this county, I would like to object, to this decision. The council should be in touch with the people's views and not just their own opinions. County council has done a lot of good for this area in the past and I would not like to lose my faith in them now. I feel they may lose some credibility by evading this issue.

The chemical sprays used by Hydro and the MTC have the "smell of death" on them, to me. Whilst we cannot turn back the clock and recover any previous damage to our environment we certainly can start now by showing an active interest in the management of brush control and

the chemicals used for this control.

Our roadsides are an eyesore -- brown and dead, no longer beautiful. The use of these sprays is detrimental to our tourist trade. Unlike some other holiday areas we have no industry to fall back upon. Tourism is our livelihood, the only business we have up here.

County council is a respected group of elected people. Therefore, in my opinion, they must endeavour to tackle all issues that may be of public concern.

Future of environment "everyone's business"

To the Editor:

Haliburton County Council should be reminded that June 5-11 is "Canadian Environment Week." The theme from government is "Action Results;" it starts with you! And the future of our environment is everybody's business.

We can look to the infamous Love Canal and Times Beach, Mo. and many other documented cases of chemical pollution for hard facts. An instant ghost town was created in Times Beach when animals as big as horses began to die mysteriously. The problem, dioxin contamination, brought about by the spraying of contaminated waste oil.

Do some of us remember "Agent Orange" used in the Vietnam wars? It appears some

veterans are now suing their government for exposing them to this herbicide. Why? Well, it appears these veterans' reproductive organs are affected.

As for those hydro fellows who sprayed themselves to keep cool with 2, 4, D in the good old days, perhaps an impact study should be done in future to see what they die of.

In any case when a company as big as Hydro can make a presentation to council on chemical spraying, it is extremely important that the opposing view be heard. That is what makes this county a democracy.

Wilberforce reader has comic suggestion for visitors

To the Editor:

For more than 30 years that we have had the pleasure of visiting and now living in this beautiful God-given country we have watched the many weekend visitors and cottagers roll past our home on their way back to the city or wherever. The visible cargo used to be spare tires, skis and toboggans, then came the skidoo and boats and trailers of every size.

Last Fall it was amazing the trailer loads of wood that left our area and this is my point -- we

have been kind to our many friends and feel it would be a nice gesture on their part if, for the next month, they would take back with them at least a half load of our black flies each week.

Think of the glory they would receive with bringing the first flies of their kind to the neighborhood and we natives would be oh so appreciative...just a thought.

We love you -- we need you -- Come often and stay as long as you can.

Margaret Harrison
Wilberforce

Feir Play

Crelighton Feir

If there was ever a time in the history of mankind that everyone could use a good laugh, that time must be now. If we want to face reality it would appear that most of the news is bad, bad and bad. On the national and international fronts we seem to be faced with listening and seeing the same old gloomy newscasts on the television and radio each and every evening. There is plenty of good news right here in Haliburton County, in Ontario and in Canada and around the world happening each and every day, but it's the kind of news that just doesn't make the national at 10 p.m. Let's look at the brighter side of the news and think about all the times that people are helping people. A comedian remarked once that the best medicine today is a good laugh.

We just received word that the Canadian Armed Forces Bad Food Bears are coming to town this Saturday, June 4 to meet the Haliburton All Stars in a Benefit Softball game to be played at the Haliburton Ball Park at 7 p.m. It's a game that you won't want to miss with the proceeds going for Cystic Fibrosis.

The Haliburton Highlands Senior Elementary School band travelled to Kirkland Lake last Wednesday, Thursday and Friday and put on four concerts in that city. The local musicians reported having a swell time and made many new friends during their stay. The Kirkland Lake Band under the direction of Mr. Carl Reinhold will be paying a return visit to Haliburton this month and a HHSES Music Night has been planned for Tuesday evening June 14 at the Haliburton Highlands Senior Elementary School Gymnasium. The evening will feature three bands, the Kirkland Lake Band, "Option '83" HHSES Grade 8 band under the direction of Mr. Don Wright, conductor, and the HHSES Grade 7 Massed Bands, Mr. Ed Whiteway, conductor. Solos and duets will also be featured on this musical evening. It all begins at 7:30 p.m. and the admission is free. If you love music this night is for you. I know that you just won't want to miss it.

While driving into Minden through the main entrances one cannot help but notice the large signs spelling out the word Minden in large white letters with a brown background. They are certainly very attractive and will draw a great deal of attention.

The water in the Gull River in Minden still seems to be very high and some of the docks have disappeared under the water. Even though the river is high the flooding conditions seem to be over in that area.

Who was it that said there's no fish in the Highlands of Haliburton? Just last week we were talking to one of the more ardent fishermen in the area and he was telling me that there has been good reports on the excellent luck that fishermen were having in various lakes in the Highlands of Haliburton.

The Rotary Club of Haliburton are already making plans for the Harvest Festival weekend which is coming up in Saturday, October 1. The club has agreed to hold a segment of the Harvest Festival in the village of Haliburton. The committee is looking for ideas from their members. They will be having a discussion on this subject at a business meeting in June.

Our congratulations go out this week to Curry Motors Limited who are celebrating their 60th anniversary. They started in business in 1923 and have been serving the motorist for 60 years. To mark the occasion they are holding a 60-day Sell-E-bration with a special day each week during the sixty day period.

According to a write-up on the sports pages of the Toronto Star one day last week the Los Angeles Kings of the National Hockey League have signed Gary Laskoski, Bernie Nicholls, Peter Helander and Warren Holmes to contracts the Los Angeles club announced recently.

Friends of Mrs. Wes Baker will be pleased to learn that she was able to return to her home at Haliburton on Sunday afternoon after being a patient for the past several days at the Red Cross Hospital in Haliburton. She suffered a mild stroke. Her many friends in the community wish her a speedy recovery.

The history students from the Haliburton Highlands Secondary School had the privilege of viewing the outstanding motion picture Ghandi one day last week at the Molou Theatre.

Last month's heavy rains upset the opening schedule of the Trent-Severn Waterway which was to have been in full operation last week. High water levels is holding up the opening. In the meantime boaters are warned to be extra cautious when travelling between closed locks on the river sections, especially people in houseboats which tend to be unwieldy and underpowered, said Mac Ellis, a water control technician.

We have received word that Mr. and Mrs. Mike Biagi are moving back to Haliburton and will be opening a "Pennywise Store" in Steinberg's Plaza.

Pic of the Past

There has been an awfully great change in Haliburton village over the years, as this photo, kindly donated by R.J. Curry, indicates. Here we see Stewart Place, the area's first resort, located where HHSS now stands. Mr.

C.R. Stewart was one of the first settlers to arrive in Haliburton village in 1864, and was also the first agent of the Canadian Land and Immigration Company. From left to right are barns, a caretaker's home, a small theatre, the driveway, and the main house.

From the Chamber

4,000 county coins are now in circulation

Sorry we missed you

Sorry, but there wasn't enough hours in the week last week to produce the regular From the Chamber column. There's just so much going on lately that we can't seem to put it all together, and even as this column is being prepared we're packing our bags to head to Sudbury for the Ontario Chamber of Commerce Convention.

The office is fairly reeling under the pressure. We are still completing the tail end of the mail out program for 15,000 directories and at the same time launching the coin program which already has 4,000 out of the 10,000 coins minted into circulation in the county. In the midst of all this the decision was made to put a rush on the shop and deal in the Highlands campaign in order to have it ready to launch at the Kinsmen Home and Cottage Show in Haliburton on June 10. Thirty-two participants are presently committed to that program and it looks like a real winner.

Of course there's meetings to attend as well including a board meeting for Resorts Ontario in Bracebridge, a COTA Marketing Preview meeting in Lindsay, hospitality training committee meeting, steering committee meeting for the Small Business Management Development Program, and our own board of directors meeting.

We also held interviews this week to select staff for our travel counselling positions this summer and are pleased to announce the successful candidates. Suzie Wingat and Brenda Fearrey are both returning to their respective posts at Minden and Haliburton, having served successful terms for us in the past. A new program called Internship is providing Dawn Elliott with a job over the next three summers which will increase in responsibility with each successive year.

Minden's organizing for July 1

With the dust just settling (albeit very wet dust) after the very successful May 24 celebration in Haliburton village, Minden is now preparing for their first attempt at a Canada Day Celebration. The organizing of the day is being spearheaded by two ambitious young ladies, namely Pat Balcombe and Robin Bailey. They held their first organizational meeting two weeks ago at the Minden council chambers, and their next meeting is scheduled for the same location on Wednesday of this week.

They are calling on all clubs and associations in and around Minden to participate in any way they can. Emphasis is being put on family events where children, their parents, and their grandparents can enjoy a day of fun, competitions, and celebrations together. If you have ideas or anything else to contribute by all means please get in touch with these girls or go to their meeting and talk it up.

It's beginning to look like rain and floods can't possibly dampen the spirits of people in the Highlands so whatever the weather this day is bound to be a great success.

See you at the show

As we mentioned earlier in this column the Shop and Deal in the Highlands campaign will be launched at our booth in the Kinsmen Home and Cottage show on June 10-12. We'll be there with the discount books containing hundreds of dollars worth of savings and we'll also have some trade dollars available at the booth. Walter Thomas tells me there are still a few, but very few booths still available at the show and anyone wishing to participate should contact him immediately at 457-1996.

Public meeting for developing businesses

Next Wednesday, June 8 the public meeting for the Small Business Management Development program will be held at Wig-a-Mog at 7:30 p.m. All business people are encouraged to turn out and find out all the details about this program. Our Economic Development Commission applied almost three years ago to have this program made available in the County and it has taken this long for our name to reach the top of the list.

Rumor has it also that the program is about to be phased out because of government restraint programs so the opportunity may never avail itself again in this area. Twenty-five businesses that are selected following this meeting will be provided with free consulting services that may help them in expanding, changing direction, developing, or simply making their current operation more efficient. It costs nothing to attend the meeting and only a very minimal registration fee if you are fortunate enough to be selected as a participant in the program. You can't afford to miss this meeting.

Report from Parliament

Bill Scott, M.P.

Changes in store for unemployment insurance plan

In the last few days, the Minister of Employment and Immigration Lloyd Axworthy, announced a number of changes to the Unemployment Insurance Act. Two weeks ago, I relayed to you some of these proposals.

Since then, several even more welcome proposals have been released by the Minister in the House of Commons. The first of these was the streamlining of unemployment insurance maternity benefits. The proposed changes will affect all claims started on or after Jan. 1, 1984. The "magic 10" rule will be eliminated thus eliminating the requirement that a woman must have worked at least 10 weeks around the time of conception. As well, section 46, which prevents pregnant women not qualified for maternity benefits from getting regular or sickness benefits in the weeks surrounding the birth, will be removed. The time in which maternity benefits can be claimed will be made more flexible. The rules will be made more flexible to allow mother of premature and sick babies more time to get maternity benefits.

I have had several constituents contact me who have not been able to switch from regular unemployment insurance benefits to maternity benefits, as they had been on benefits for 15 weeks or more. The flexibility proposed would mean that

they, when the new rules come into effect, could get up to 15 weeks of benefits for maternity in the period surrounding the birth, even if they had been paid sickness or regular benefits before.

A second proposal which is targeted to come into effect Jan. 1, 1984, will allow 15 weeks of adoption benefits to be paid to either of the parents who adopt a child. Either parents will be able to claim adoption benefits if he or she has at least 20 weeks of insurable employment in the last 52 weeks. I am particularly pleased that this has been proposed, as I have been advocating this for quite some time. It just makes sense that adoptive parents have the same right to a period of adjustment, as natural parents.

On May 25, in the House of Commons, the Minister announced the extension of the work sharing program for a further year. I have been quite pleased with the results of the work sharing program. On April 13, I prepared a Report from Parliament stating my desires to see this program continue. In addition to continuing the program, the minister has stated his department's intention to commence controlled retraining projects under the work sharing program. I am hopeful that this will enhance the program and prevent even more lay-offs.

Queen's Park

John Eakins, M.P.P.

Eakins, Liberals complain of high gasoline costs

Gasoline vendors at service centres along the Macdonald-Cartier Freeway and other major highways in the province should post the prices of the various grades of gasoline and other fuels adjacent to or on the highway signs indicating an upcoming service centre.

For years, motorists driving along our major east-west traffic artery, Highway 401, have been compelled to pay excessively high gasoline prices at these service centres, despite pleas from members of the Opposition that the Ontario government intervene to prevent what some would consider to be "highway robbery."

With the posting of the fuel prices a short distance in front of the entrance to the service centre, consumers would at least be aware of the costs facing them should they choose to purchase gasoline at one of the centres.

At the present time, fuel vendors in many communities in this province post, on a voluntary basis, the prices of the various grades of gasoline and other fuels. Surely it is not asking too much to have those who sell fuel at service centres along our major highways do the same thing.

Land Tax Evasion

My Leader David Peterson has been critical of the Minister of Revenue for his attempt to plug a loophole in provincial land transfer tax legislation which he charges has cost taxpayers hundreds of thousands of dollars. Last November, we disclosed how foreign purchasers of farmland in Huron and Bruce counties were evading the 20 per cent tax. Using the loophole on, for example, a \$500,000 land deal, a foreign purchaser instead of paying \$100,000 tax (20 per cent), is able to be

categorized as a "resident buyer" and pay only \$4,010. They get around the law by instructing farmers to incorporate their land as numbered companies and then selling their farms to their own corporations.

The farmer could then transfer the corporation to lawyers or real estate agents acting on behalf of the foreign buyers. The Minister of Revenue introduced a bill in December to plug the loophole, but it died on the order paper. It was re-introduced last month. Since then, apparently, there has been "an explosion" of deals with foreign buyers rushing to beat the deadline and avoid paying the tax before the legislation becomes law. After the charge by David Peterson, the Minister said the legislation would be made retroactive to April 21, when he reintroduced it.

Paramedics

According to the Minister of Health, Ontario can expect to have 20 to 40 paramedics trained to operate in Toronto, Hamilton and in air ambulance by the end of the year, as a pilot project. It's his intention to ask for provincial money to start up the first paramedic training program, after health experts have stated that hundreds of lives could be saved by paramedics. A Cabinet committee has approved the program. However, doctors and opposition members maintain that the program should be expanded to the entire province.

According to the Minister, the cost of a full program, including training the paramedics and doctors, installing two-way radios and setting up specialized base hospitals would reach \$50 million to \$100 million across the province, and some of that money would come from hospital budgets.

Writers' Corner

What money can't buy

Money can buy a lot of nice things. It can buy fancy clothes or fine diamond rings. But it can't buy a home, it can't buy content, Though it can buy a house, or at least pay the rent.

It can't buy good health or keep away ills, Though it pays health insurance and buys lots of pills. It can't buy us happiness or even much fun, It can't stop the rain, nor bring back the sun. It can't buy us friends to love us and care,

For true friends are treasures and really quite rare.

It can't buy us rest, nor on earth even peace, Though it pays for vacations or a cottage we lease. Though at rainbow's end we find promised gold, The things of most value can't be bought nor sold. We need food and some comforts, but we need so much more, And health, friends, and happiness aren't for sale in life's store.

Reader enjoyed concert at HHSS last week

To the Editor:

I had to write and say how much my family enjoyed the evening of music that the high school bands presented last Tuesday night.

What wonderful talent we have in Haliburton County! My children were really inspired (especially my son who now has "the beat" and wants to

be a drummer!).

Thank you to all the members for such excellence and enthusiasm and a special thanks to Rick Vaughan for nurturing it with such care - it shows!

Sincerely,
Jenniffer Woods

It's baseball time again!

Haliburton Lumber, Beachli Construction, Legion win

Action in Haliburton men's baseball league competition began last week, with three games played -- two pitching triumphs and one slugfest.

Haliburton Lumber 1, Curry Motors 0
Bernie Nicholls of Lumber and Curry's hurler Barry Shaw staged a classic pitching duel in this extra-innings shutout.

Lumber came close to scoring the first run in the second inning, after a leadoff walk from Winn and a bunt single from Mike Hatkoski. But Shaw bore down and retired the side in order.

In Curry's half of the inning Shaw doubled to lead off, and Rob Denney's one out single advanced him to third. But Nicholls fanned the next two batters to get out of the jam.

The next close call was in the Curry fifth. Shawn Gilligan singled to lead off, but was later erased on a Nicholls to Rupp toss. An error put Phil Smith on, and on a fielders choice Allan Cooper (Nicholls went for lead runner Gilligan) reached.

Bernie Upton popped out for the second out, but Barry Boice drew a walk to load the bases.

Once again, however, a key strikeout by Nicholls killed the rally.

The score was deadlocked at 0-0 after seven. In the top of the eighth Bob Johnson doubled with two men gone

-- and Bernie Nicholls singled him home with the first run of the game. Shaw got Winn to end the inning -- but in the bottom of the eighth Nicholls got the side in order.

Nicholls fanned 12 and scattered five hits for the win, but Shaw, in going the distance, also allowed but five hits.

Beachli Construction 6, Legion 1

It was a three-hit, 12-strikeout victory for Beachli hurler Mike Schell in the Tuesday nightcap. He gave up just one unearned run in the contest.

A pair of Legion errors led to a Beachli run in the first. Kevin Sisson and Mark Schell both singled in the drive. In the second Duff Mitchell reached on an error. Dave Nicholls singled to advance the running and Wayne Speicher brought Mitchell home to make it 2-0.

Schell himself reached on an error in the third and was singled home by Mike Carpenter, who later stole second. A Nicholls single, with two down, brought Carpenter in, and Nicholls came across with the fifth Beachli run on yet another error.

In the bottom of the fourth Pete Lymburner singled, but was gunned down attempting to steal second. Carpenter struck out but Sisson homered, making it 6-0. Schell tripled but was stranded.

In the sixth Legion broke Schell's shutout bid. Barry Boice reached on an error, Gary McKnight walked and with one out, Gene Newell singled in the only Legion run.

Legion 13, Kennedy Surplus 11

The Thursday night game was a slugfest. In the first, Kennedy's Brian Mulholland reached on an error. Roger Hicks' two-out double scored him, and Hicks himself came in on Rick Chay's single.

But Legion roared back. Gary McKnight drew a walk, as did Bob Penfold in the bottom of the first. Wells Robertson drove home McKnight with a single, and a Tony Salvatori triple scored Robertson and Penfold.

With one out, Barry Boice delivered Salvatori with a single, but was stranded at third. At the end of one it was 4-2 Legion.

In the second, Penfold reached on an error and was singled home by Robertson. Salvatori doubled Robertson home, and later scored on a Lew Brown sacrifice. Legion now led 7-2.

Kennedy's began a comeback bid in the third. After Chay's one-out single Kevin Finch doubled in the third run. He was stranded at third when the inning ended.

But Legion rolled back in the third. Mitchell and Sawyer singled, but never reached third. With two out

Cooper had reached on the fielders choice. McKnight reached on an error, and Penfold drove Cooper in with a single. Robertson smashed a double to bring in McKnight and Penfold. A Salvatori walk and a Brown single loaded things up, but Mulholland retired Boice to end the upsurge.

Trailing 10-3 Kennedy's looked to be out of the running. However, Derwin Barry's double brought home Bill Mulholland, who had singled, and Brian Mulholland, who had doubled. Barry's double was followed by a Dwight Sisson homer. Chay doubled and Finch singled, but both were stranded.

Legion kept coming in the fourth. Lyle Sawyer reached on an error, and Ian Cooper walked, with one out. McKnight hammered a double to score Sawyer, and a two-out Wells Robertson single brought home Cooper and McKnight.

After a scoreless fifth, Sisson walked for Kennedy's in the sixth. He advanced on a Chay single, and scored on a Finch hit. Greg Bishop's singled home Chay, but Finch was left stranded as the inning ended.

After Legion failed to score in the sixth, Brian Mulholland led off with a walk. However, he was erased on a McKnight to Chay play. Barry was retired, bringing Sisson to the plate. He walked, stole second, and scored on Hicks' single.

Gary McKnight had a lot of work last Thursday night as the Legion outlasted Kennedy's 13-11 in men's baseball action. McKnight was helped out by the hot

bat of his fellow teammates, who rolled to a 10-3 lead early on. In the background is Bob Penfold of the Legion.

Lots of winners at Norland track meet

by KELLY GRAHAM
Last May 17 Norland Public School held its annual track and field meet. Here are the results:

Primary Girls
Ball Throw -- first Dawn Gostlin; second Brandy Jones; third Amy Cook.
Standing Jump -- first Dawn Gostlin, second Susan Adams, third Amy Cook.
Long Jump -- first Dawn Gostlin, second Susan Adams, third Amy Cook.
Racing scores were not available.

Primary Boys
Ball Throw -- first Jason Klett, second Mark Gill, third Derek Greer.
Standing Jump -- first Jason Klett; second Derek Greer; third Jason Winterburn.
Long Jump -- first Jason Klett; second Derek Greer; third Mark Gill.
Racing scores were not available.

Junior Girls
Ball Throw -- first Tracy LeCraw; second Diana Brown; third Toni Greer.
Standing Jump -- first (tie) Diana Brown, Rhonda Riordon; second Toni Greer; third Kelly Vanier.
Long Jump -- first Toni Greer; second Tracy LeCraw; third Diana Brown.
High Jump -- first Tracy LeCraw; second Diana Brown; third Valerie Puterbaugh.
Racing scores were not available.

Junior Boys
Triple Jump -- first Quentin Greer; second Danny Potter; third Derek Cook.
High Jump -- first Chad Winterburn; second Quentin Greer; third Danny Potter.
Ball Throw -- first Lorne Greer; second Quentin Greer; third Danny Potter.
Long Jump -- first Donald Landry; second Chad Win-

terburn; third Lorne Greer.
Intermediate Girls
Standing Jump -- first Lisa Kay; second Shannon Heath; third Sandra Robertson.
Long Jump -- first Lisa Kay; second Shannon Heath; third Stephanie Klett.
High Jump -- first Shannon Heath; second Lori-Lynn Liscombe; third Sandra Robertson.
Six pound shot -- first Shannon Heath; second Vincent Eason; third Lisa Kay.

Intermediate Boys
Long Jump -- first Jim Riordon; second Vincent Eason; third Lenny Greer.
High Jump -- first Lenny Greer; second Jim Riordon; third Vincent Eason.
Triple Jump -- first Jim Riordon; second Vincent Greer; third Lenny Greer.
Six pound shot -- first Jim Riordon; second Lenny Greer; third Kevin Winterburn.

Senior Girls
Long Jump -- first Kelly Graham; second Tracy Davis; third Sherry Jewell.
High Jump -- first Kelly Graham; second Sherry Jewell; third Jean Harrison.
Standing Jump -- first Sherry Jewell; second Kelly Graham; third Jean Harrison.
Eight pound shot -- first Tammy Bryant; second Tracy Davis; third Kelly Graham.

Senior Boys
Triple Jump -- first Stacy Eason; second Tom Brohm; third Darryl Landry.
Long Jump -- first Darryl Landry; second Stacy Eason; third Michael Morton.
High Jump -- first Stacy Eason; second Darryl Landry; third Jason.
Eight pound shot -- first Stacy Eason; second Tom Brohm; third Michael Morton.
Unfortunately there were no racing scores available.

John Wood (left) pursues the ball just as a Beachbridge defender taps it back to his keeper. Also in on the play is Paul Milne (centre). The Haliburton

County club lost its opener 3-0 Sunday at the HHSS field in Haliburton village.

County soccer club hits two crossbars

by JIM MILNE

The Haliburton County soccer team lost their first home game to Bracebridge Centennials 3-0 at the high school field in Haliburton Sunday afternoon. It was the third straight loss for the team but they have improved defensively. Of course a good attack requires more individual ball control skills and teamwork but this will come with practice.

Players are working hard

We will practice in Min-

den and the substitutions are being made smoothly. That is important because we want everyone to get a fair chance to play. Perhaps the teamwork benefitted from the organization of the club into a Haliburton village team for this game. Next week Minden will provide the nucleus of the team for another home game against Huntsville. That game will also be played at the High School field at 2:00 p.m. Sunday.

den at 7:00 p.m. Thursday and we need a good turnout from both Minden and Haliburton to prepare the Minden side thoroughly. They have a good chance against Huntsville because that team is also struggling.

As for the game last Sunday itself, Bracebridge scored two goals in the first half playing with a strong wind. David Bishop of Haliburton was awarded a penalty kick when his long run into the goal tempted a defender to foul him. Un-

fortunately he bounced his penalty kick off the crossbar. In the second half John Wood also hit the crossbar on a shot taken from the edge of the penalty box. Bracebridge scored the final goal in the last minute on a penalty shot taken after a strange play that some players thought would be whistled dead.

The play will improve as Haliburton gains experience. We also have the arrival of team uniforms to anticipate sometime before June 10.

Trent-Severn Waterway officials feel flooding is on the way down -- barring more rain, lake levels should be normal shortly

According to Trent-Severn Waterway officials, flooding is on the way down throughout the system. A press release says "lessor, though significant amounts of rainfall since May 8 have allowed some of the surplus water to be run from the reservoir lakes. This has reduced the storage figure from 108 per

cent on May 9 to 102 per cent by May 26. Gull River flow at Norland had also begun to decline and by May 27 was at 64.4 cubic meters/second compared to the peak of 69.6 cubic meters/second on May 16."

"Surplus water was largely discharged from the Kawartha by May 27 so that

they are near their summer levels, but the velocity of the flow along the Severn, Ottonabee and Trent Rivers has

prevented opening the navigation locks. Only the central locks of the route from Bobcaygeon to Lake Simcoe plus two locks in the city of Peterborough have been

opened on the intended date of May 20. The rest remain closed."

"It is expected that with light rains or no rain for a week most lake areas and river sections should be returning to a normal early summer condition," concludes the release.

Ladies softball action is underway

by LORI DEAN

The weather finally cooperated long enough for the Haliburton County Ladies Softball League to get underway.

The first game of the 83 season, saw the Haliburton Seniors take on the Minden Seniors at home Monday night. Home diamond didn't help any as Minden

defeated Haliburton 5-3. Nelda Cully went all the way on the mound for Minden while Nancy Maghan took the loss for Haliburton.

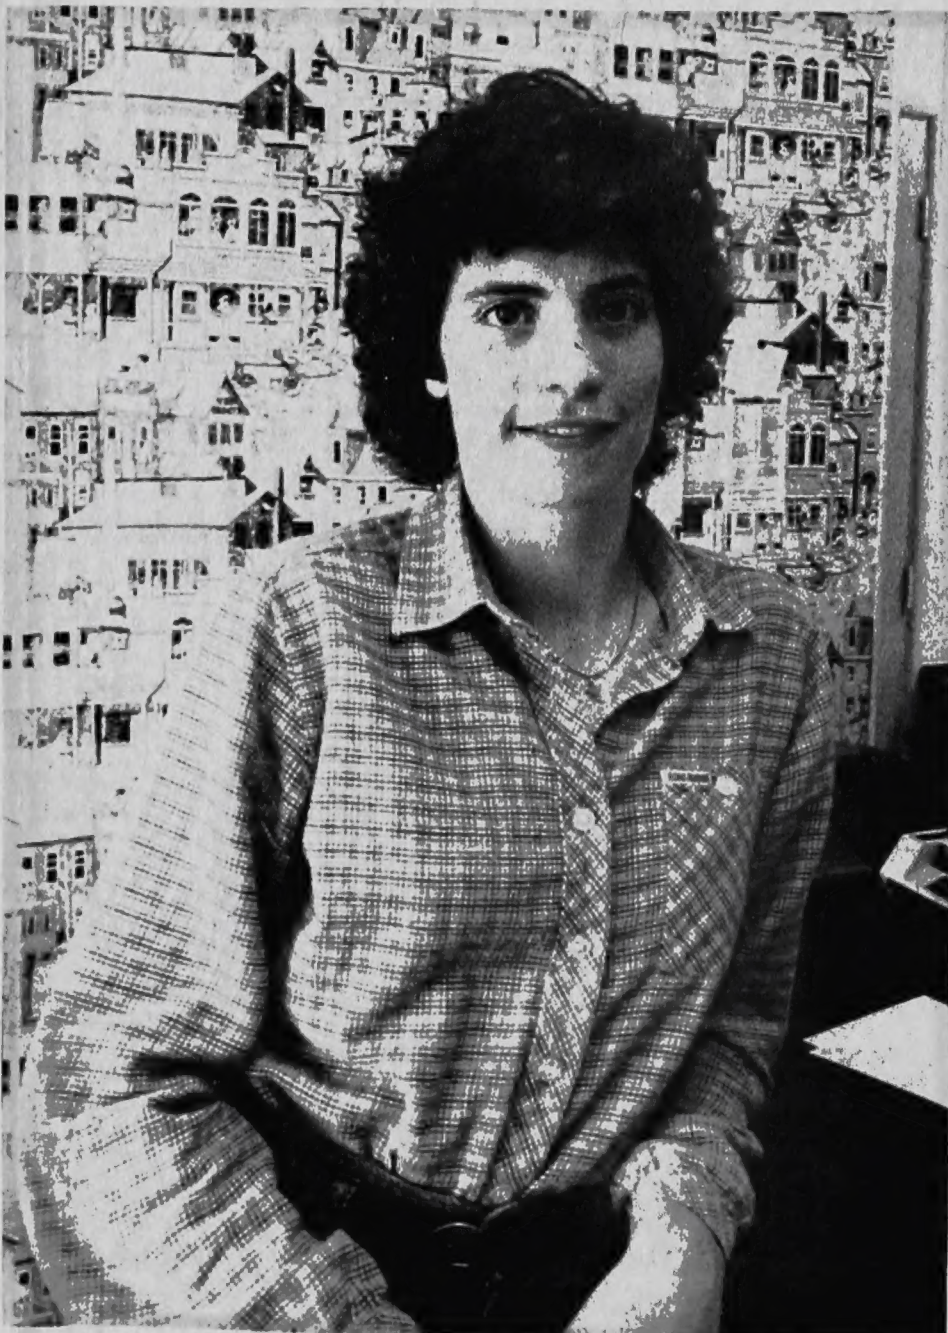

Wendy Gough was the big bat for Minden, landing on base three times. Kim Roberts hit well for the losers.

Minden Seniors continued their winning ways the next evening at home to the Haliburton Juniors. They defeated the newly formed Junior team 9-6. The Juniors played well for their first game but finally bowed to the more mature Minden team. Ann Hewson was the winning pitcher while Marg Smith took the loss. Rhonda Wilson and Sue Pye hit well for Minden as did Miriam Smith and Marla McNaul for Haliburton.

On Tuesday Wilberforce journeyed to West Guilford for their first game of the season and came home the winners in a 6-4 match. Wilberforce took the lead in the second inning on a run scored by Chris Storey. Chris was the big bat for Wilberforce while Gail Teasdale scored twice for Guilford. The Wilberforce defence played well and a double play in the bottom of the seventh inning with one away and bases loaded cinched the win.

The next night West Guilford got their revenge when they downed Wilberforce at home by the same identical score of 6-4. Cheryl Riley played well for Wilberforce while Linda Morrison and Gail Teasdale were the stars for Guilford. Note: It is very important that the players list be given to a member of the executive by June 1. It is very difficult to write up the games for the newspaper if you don't know the last name of players!

One more thing. If the winning team does not call in the results of their game, no points will be awarded. Call Lori Dean at 457-1702 and give your team a break!

Marla MacNaull of HHSS is off to the provincial championships to compete in the senior girls 400 meters. The young runner qualified for the event last week, and we wish her well.

Gallery grant

More than 217 arts organizations -- including Haliburton's Rails' End Gallery -- and 514 individuals received grants from the Ontario Arts Council last week.

In all, \$4,677,062 was given out, according to an OAC press release.

The Rails' End received a \$3,500 grant. Among the other central Ontario grants were those made to the Arbor Theatre, Peterborough (\$12,000), the Art Gallery of Peterborough (\$15,500), Artspace/City Stage, Peterborough (\$27,000).

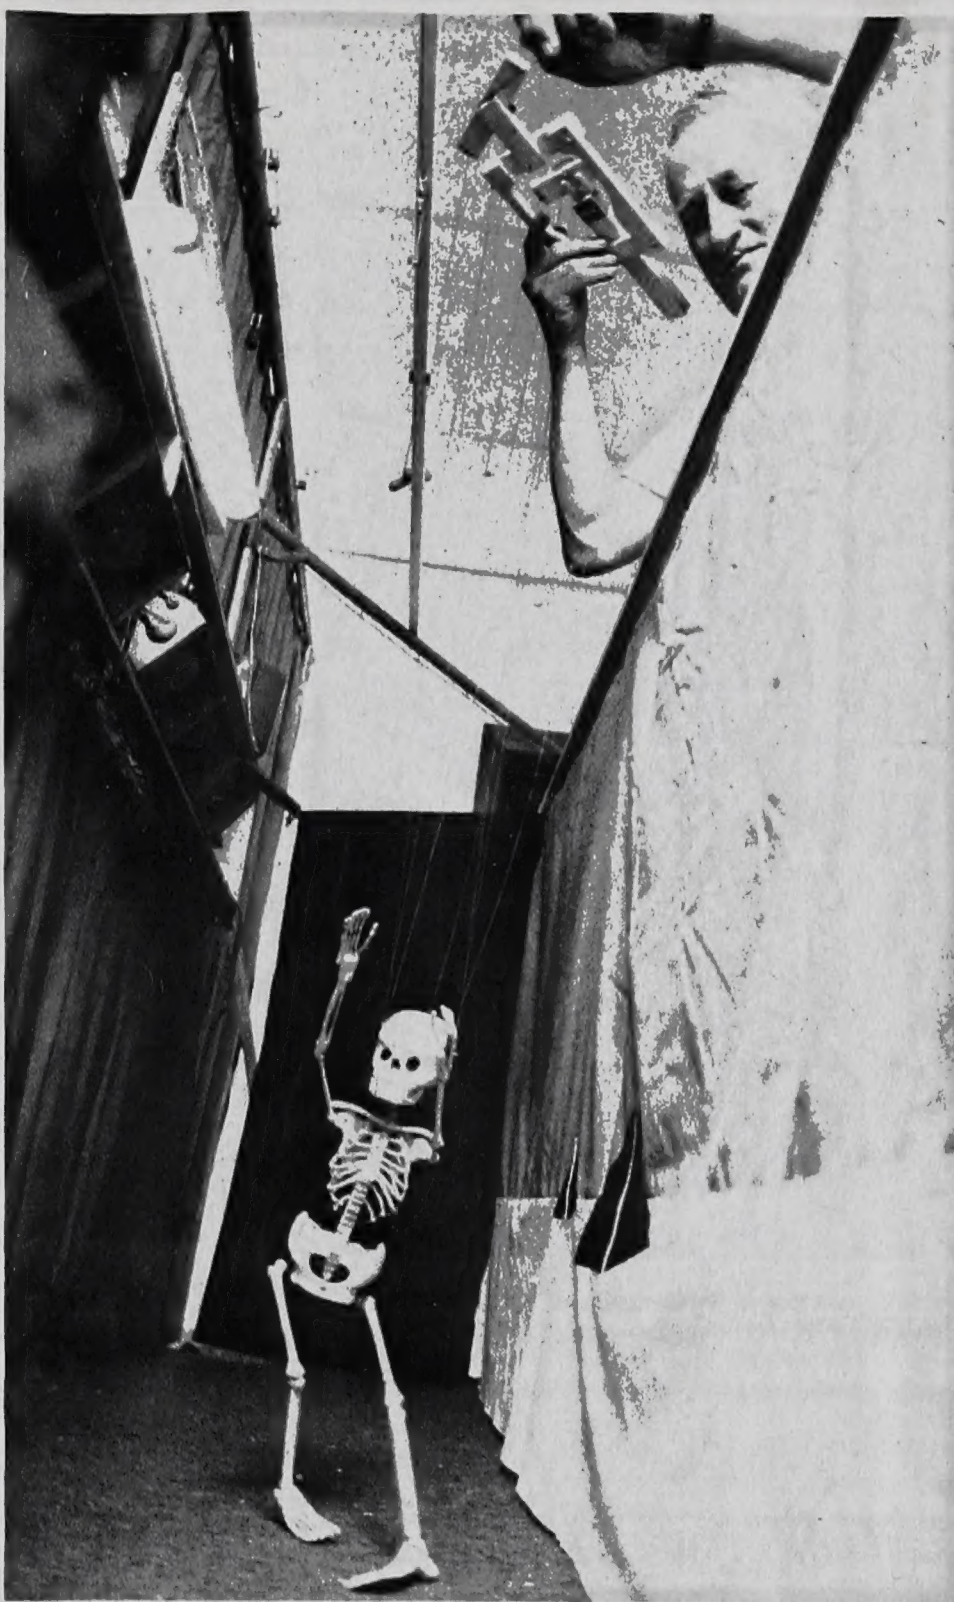

Individuals in Peterborough, Huntsville and Bancroft also received grants. Munroe Scott, a Fenelon Falls playwright, received a grant as well.

SSFC sets program

from page 2
equipment, computer-assisted cartography, survey instruments, hardware and software, EDM equipment and reprographic material and equipment. Some of the international firms displaying equipment include Compugraphic, Wild-Leitz, Norman Wade, Kueffel and Esser and Northway Gaestalt. The college's cartography and survey facilities will also be open to visitors.

Sir Sandford Fleming College is uniquely qualified to host a conference of this type as it is the only college in North America to offer a program in thematic cartographic technology. The program, which is now in its tenth year, is supported by a faculty consisting of five professional cartographers whose expertise covers several different areas.

SSFC student map entries have won the CCA awards on four occasions and recently, for the second consecutive year, the College's cartography students won the entire slate of top awards in the ACSM design competition.

Puppeteer Vic Higgenson (top right) shows how the strings are pulled to make this 40-year-old puppet move. Higgenson and his wife put on an excellent puppet show Sunday in Tory Hill, and the newly refurbished Tory Hill Community Centre was jam-packed.

Chamber steering committee will select participants

from page 2

Dennis Casey, George Schmid, Ray Selbie, Roger Dart, Al Mayo, Walter Prime, Gary Kenney and Chamber manager Bob Stinson.

Participants will be selected from the list of applicants by June 13, with counselling to be completed in July. Follow-up assessments will be undertaken in August and November,

with a wind-up dinner scheduled for November 24.

Private consultants for the program, were selected from 19 firms invited to submit proposals.

200 Minden residents petition council

In the wake of a flooding meeting two weeks ago some 200 Anson, Hindon and Minden residents have signed a petition calling for action by council to prevent future high water on the Gull River.

Garth Gammon of Minden presented the petition at AHM council last Thursday.

He prefaced his remarks by borrowing Coun. Gary Kenney's

analogy about the Trent-Severn Waterway. The councillor compared the system to an apartment building with leaky plumbing, owned by Trent Severn.

"It's a building with a leaky roof -- but we can fix it," said Gammon.

He offered a step-by-step program which he felt would alleviate future flooding problems.

First, council could authorize a

municipal purchase of lot four, concession A (on North Water Street), and fill it. A barrier could also be erected along the river bank.

The lot, said Gammon, is swampy and should be filled.

As well, he stated that "one-way" culverts should be installed at Beaver Creek. The culverts use valves, and the result would

Plenty coming up at the Rails' End Gallery

by MARNE BLAIR

The Rails' End Gallery is a hive of activity, concluding one show and preparing for the summer exhibition.

The Children's Art Show concluded a successful month by hosting a performance by "Cirque Alexander." On Friday, May 27, 380 children were treated to "Barrel of Laughs". The energetic presentation of mime, music, clown and puppetry delighted the audience. Indeed, some of the audience, having had their faces made up to look like clowns,

seemed to be a part of the performance.

With the Summer Exhibition and Sale just around the corner, the exhibition committee is preparing for a bigger and better show this year. Already many artists and craftspeople have expressed interest.

Many facets of the sale remain the same as in years before. The rules of entry and commission fees remain essentially the same.

But some changes have occurred which we think you will enjoy. At the sale you

will find musical entertainment, scheduled demonstrations, refreshments and a children's play area. An Art Auction of the work of professional artists will be held on July 16 at 7 p.m. A portion of the proceeds from the auction will be going to help support the Haliburton Highlands Guild of Fine Arts. It should be lots of fun to come out and watch and to bid.

Another new event is a professional juried exhibition open to members only. The exhibit will be juried by three

professional artists: John Leonard, Albertje Koopman and Ann Mortimer. Participants can enter up to three pieces. The entry fee is \$3 per piece. Prizes are student scholarships at the Haliburton Highlands School of Fine Arts for 1984.

The Summer Exhibition runs from June 30 to July 16. The opening, on June 30 at 7:30 p.m. will feature the Guild Choral Society. We are looking forward to a successful Summer Exhibition and Sale and to seeing you there.

Engineering assistance is available to farmers

A new agricultural engineer is now available to serve the farmers in east central Ontario. Steve Clarke has joined the Ontario Ministry of Agriculture and Food staff on a contract basis.

Steve was raised on a beef farm at Iroquois Falls in Cochrane South District. He

was an active 4-H club member for several years. He graduated from the University of Guelph in 1978 with a degree in agricultural engineering. Since then he has worked with a variety of engineering projects at the University, and with a private consulting engineering

firm in Western Ontario.

Steve's home base with the Ministry will be the Newmarket agricultural office. He will be available to help farmers in Victoria and Haliburton Counties each Wednesday, when he will be located at the Lindsay office. Farmers wishing his assist-

ance with an engineering concern should call the Lindsay office in advance to make an appointment with Steve for either an office consultation or a farm visit.

Steve is also providing engineering assistance to farmers in Durham East and Peterborough Counties.

Enoch

Enoch was a man who lived long ago, over five thousand years it would be. He done God's will all through his life, though among sinful men lived he. And he did not die like other men do, but God took him that's all we are told. It says so in Genesis five-twenty four, this wonderful Enoch of old.

Enoch walked with God the seventh from Adam, in Jude one and fourteen we see. He wrote one book that's with us today, some say there is more like three. And from this book the secrets of Enoch, they have found this prophecy. For six thousand years man will rule history, but the seventh one blessed will be.

A day with the Lord is as a thousand years, second Peter three and eight you will see. As in six days God created the earth, but the seventh he rested you see. In six days he commanded us to do all our work, in the seventh were to rest and keep holy you see. So six thousand years man rules this world, but the seventh one blessed could be.

Edward Miller
Haliburton

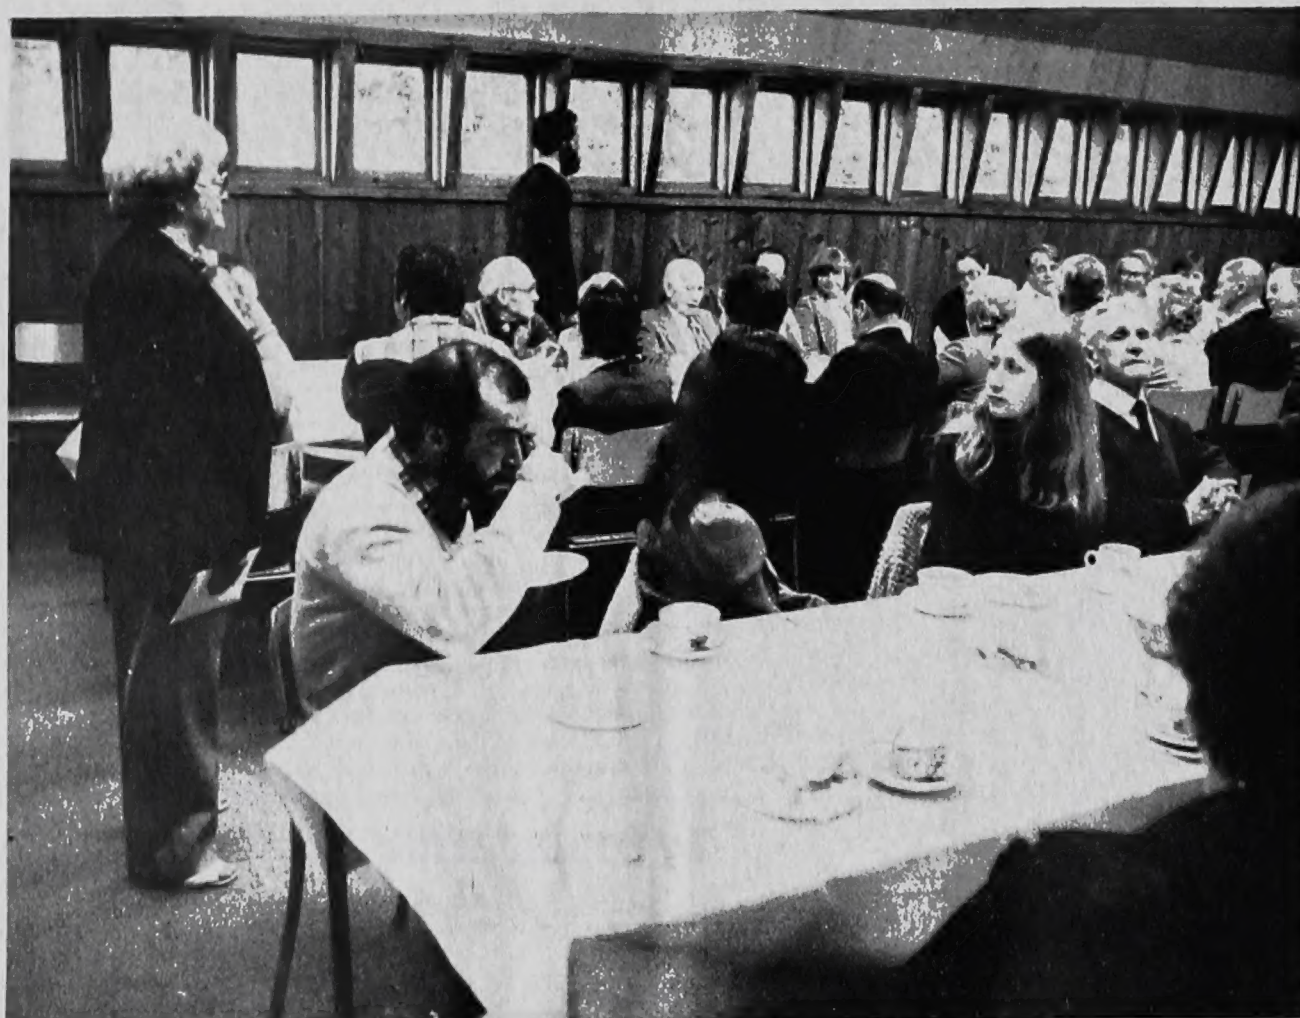

Contrasts

Some scorching day in summer we think of Twelve Mile Lake. So we take a drive up to it and our duties here forsake. But when we reach the beach there, the waves both rush and roar, And sometimes we are happy just to sit upon the shore. But we were up that way again one lovely autumn day, The lake was like a sheet of glass, not a ripple on the bay. I think our lives are much like that, some calm, some stormy days, And we must trust the Lord above who is wise in all his ways.

Forence Robinson
Minden

At the Spring Convocation of Wilfred Laurier University on May 29, 1983, Andrew James Salvatori, son of Betty and Leonard Salvatori, Haliburton, received his Honours Bachelor of Business Administration Degree from the School of Business and Economics.

Marg Harrison (left) organized a farewell dinner for Marvin and Belinda Brown, her longtime neighbors and friends. The Browns are leaving Carnarvon to live

in B.C., where they will be closer to their children. Brown is the seventh person from the right, and his wife is to his right.

Senior League

by BERT HARRISON

Owing to the long weekend, we had no fun and fitness for almost half a week; our joints got so badly stiffened up, you could almost hear them squeak. A nice service in the chapel Sunday night. The Thompsons took the first part, Rev. Burgess took the next. He took part of Matthew seventh chapter for his text, if you don't enter the straight and narrow gate what will happen next?

It is good to have the staff all back again, with their various jobs to do, when they go and leave us, life seems kind of blue. I would like to congratulate our office staff

for a job well done; our administrator, Sidney Brown, Olive Hamilton our book-keeper and receptionist Arnie Wright.

A most interesting service in chapel Tuesday morning, conducted by Rev. John Phillips of the Haliburton Anglican Church assisted by his special guest Rev. Ivan Dyer. We had a fine organ player but hadn't any choir. Rev. Phillips took the first part of the service and sang so grand for us, then Rev. Dyer took over, the church he did discuss. A big thanks to both of you from all of us.

We played in the Tuesday afternoon games, I won't mention any names, but we

had a lot of fun and I'll just say we won.

The ladies from the Horticultural Society served the tea party on Thursday and had a lovely birthday cake for those who had birthdays in the month of May. A big thank you to the ladies we would like to say.

It keeps Ken Fielding and Peter Fearrey as busy as can be, to keep things running smoothly here mechanically. The ladies working in the

craft room are knitting socks or maybe afghans or piecing quilt blocks. A man has been in all the rooms spraying for little red ants, if they aren't kept under control they get into everything, even in your -- weel everything. I would like to say in advance; with our efficient cleaners even a fly hasn't got a chance. Of all the embarrassing moments, this could be one of the best - we heard this fellow had

Snowdon council holds meeting

A regular meeting of Snowdon Township council was held May 11, at 7 p.m. In attendance were Reeve R. Vick, Deputy Reeve D. Wruth and councillors R. Burk, J. Hills and B. Neville.

Also present were Mr. P. Knapp of Municipal Planning Consultants and Mr. C. Morlock.

Resolutions

• Moved by J. Hills, seconded by R. Burk that the minutes of April 13 be adopted as circulated.

A request that the road on part 54 RP R104, part lot 5, concession A be assumed into the township road system was considered by council and provided that the applicant was responsible for all costs incurred in bringing the road up to a standard acceptable to the Ministry of Transportation and Communications and all legal and survey were borne by the applicant, council would accede to the request.

Mr. Knapp and Mr. Morlock approached council with plans and details of the preliminary draft plan of subdivision which Mr. Morlock wishes to place on his property on parts six and seven, concession 14. Following the presentation by Mr. Knapp, the following resolution was passed:

• Moved by D. Wruth, seconded by B. Neville that the council of the Corporation of the Township of Snowdon agrees in principle with the preliminary draft plan of subdivision re Morlock subdivision.

Tenders for the supply and application of used oil dust layer for the current year were opened and the following resolution passed:

• Moved by D. Wruth, seconded by B. Neville that

the quotation of Canam Oil Services for the supply and application of 10,000 imperial gallons of used oil dust layer for the year 1983 at a price of 72.9 cents per gallon be accepted subject to the approval of the Ministry of Transportation and Communications.

• Moved by D. Wruth, seconded by B. Neville - that road voucher four for the month of April, 1983 in the amount of \$4,028.36 be approved for payment.

By-law 8/83 was given three readings, passed, signed and the Corporate Seal affixed, being a by-law to amend By-law 7/83 relative to the hourly rates for the road superintendent's helper and the dump caretaker/canine control officer.

By-law 9/83 was given three readings, passed, signed and the Corporate Seal affixed, being a by-law to enter into a fire agreement with the Municipality of Dysart for fire protection for the Township of Snowdon for the year 1983.

The Clerk reported that an additional \$40,000 had been received in funding in respect of the Ontario Home Renewal Program.

Correspondence from Messrs. D. Warner, D. Bishop and W. Ogden in respect of the recent decision of the Ontario Municipal Board relative to the zoning by-law amendment regarding the Sunny Rock Lodge property was circulated to and discussed by council and the following resolution passed:

• Moved by R. Burk, seconded by J. Hills that the council of the Corporation of Snowdon is agreeable to the passing of a site specific by-law relative to the Sunny

Much discussed at Stanhope meet

Members in attendance included Reeve Harry Davis, Deputy-reeve Elgin Stouffer and councillors Dale MacDonald, Ann Barker and Elvin Johnson respectively. Also in attendance were the following individuals and delegations: Mr. Derek Rolfe, Mr. Paul Rolfe and Mr. Gunter Wolm re: Stanhope Municipal Airport; Mr. James Moore, by-law officer, Mr. Alex Stevenson, Feasibility Study Committee, Mr. George Wilson, Fire chief, Mr. Marvin Brown re: Municipal Road business, Mr. Robert Jennings re: 1983 Harvest Festival and boat ramp-Halls Lake and Mr. Jamie Friel, reporter, Minden Times.

The following conflicts of interest items were declared: Mr. Dale MacDonald re item number 46 General Accounts Payable - Mileage expense - re: trailer. Mr. Elvin Johnson item number 16 General Accounts Payable - Paint Purchase - re: Cross Country Ski Trials. Mr. Elgin Stouffer, item number 24 re: material purchase - COED program. Mrs. Ann Barker, indirect interest - road voucher number four - Don Barker Services - Municipal Garage. Each of the noted members declared conflict and refrained from discussion or voting on the above mentioned items.

Resolutions

- Moved by Elgin Stouffer, seconded by Elvin Johnson, that the minutes of the last regular meeting held April 6, 1983 and also the minutes of a special meeting held May 6, 1983 be adopted as circulated. Carried.
- Moved by Elgin Stouffer, seconded by Dale MacDonald that council acknowledge receipt of the Community Centers Board meeting minutes dated April 21, 1983 and also the minutes of a Fun Day Committee meeting dated April, 1983. Carried.
- Moved by Dale MacDonald, seconded by Ann Barker that council accept a quoted price of \$1.45 per yard from Ormell Limited for the crushing, with breaker, of 5,000 cubic yards of gravel, which will contain 60 per cent stone. This acceptance subject to the approval of the Ministry of Transportation and Communications. Carried.
- Moved by Elgin Stouffer, seconded by Dale MacDonald that council acknowledge financial obligations of legal costs for by-law 68-12 being an Expropriation by-law for the Township. These costs subject to the approval of the Taxing Office. Carried.
- Moved by Dale MacDonald, seconded by Ann Barker that council approve for payment Ontario Home Renewal application number 462100-0078 for a total amount of \$7,950 as recommended by the Ontario Home Renewal Program Committee. Carried.
- Moved by Elvin Johnson, seconded by Ann Barker that council authorize and pay related expenses to Jim Moore to attend the Municipal Housing Inspection Seminar to be held in June, 1983. Carried.
- Moved by Elvin Johnson, seconded by Ann Barker that James Moore and the Town-

ship Solicitor prepare a proposed Property Maintenance and Standards By-law for the Township for the future consideration of council. Carried.

- Moved by Elvin Johnson, seconded by Ann Barker that council approve of severance application number H-41/83 conditional upon the severed parcel being included in and forming part of instrument number 55633. Carried.
- Moved by Dale MacDonald, seconded by Ann Barker that council authorize a \$50 per week vehicle to Bob Howe (Dumps and Maintenance Employee) for the township. Carried.

- Moved by Elgin Stouffer, seconded by Elvin Johnson that Jim Moore purchase a Canadiana lawn mower. Carried.

- Moved by Elgin Stouffer, seconded by Elvin Johnson that the minutes of the Feasibility Study Committee meeting held April 29, 1983 be adopted as circulated. Carried.
- Moved by Elvin Johnson, seconded by Dale MacDonald that council acknowledge receipt of the Community Centers Board meeting minutes dated April 21, 1983 and also the minutes of a Fun Day Committee meeting dated April, 1983. Carried.
- Moved by Dale MacDonald, seconded by Ann Barker that council accept a quoted price of \$1.45 per yard from Ormell Limited for the crushing, with breaker, of 5,000 cubic yards of gravel, which will contain 60 per cent stone. This acceptance subject to the approval of the Ministry of Transportation and Communications. Carried.
- Moved by Elgin Stouffer, seconded by Dale MacDonald that council has no objection to the placing of clean rock fill to a maximum width of four feet along either side of the causeway at lot 15, concession 8 (Halls Lake) conditional upon the parties responsible for this work obtain all other necessary approvals. Carried.

- Moved by Elgin Stouffer, seconded by Elvin Johnson that council agree in principle with the agreements between Snowdon Township and the Community Retirement Homes Inc., and also Snowdon Township and the Township of Stanhope in this regard subject to any revisions recommended by the municipal solicitor. Carried.
- Moved by Ann Barker, seconded by Elgin Stouffer that council approve a one half page advertisement be placed in the 1983 Minden

Up in arms over gravel pits

by RON REID
Fed. of Ont. Naturalists

The provincial government has endorsed a new policy to direct the extraction of sand, gravel, and stone from the pits and quarries of the province. In response, the Foundation for Aggregate Studies, a Toronto-based environmental group, has predicted that the policy "will hang like a black cloud" over many of Ontario's rural communities.

The problem is most severe in communities such as Pelham, Halton Hills, Caledon, and Uxbridge, who have traditionally supplied materials for the cities of the Golden Horseshoe. Faced with the disruption to the natural and social environment caused by aggregate operations, these municipalities had become increasingly restrictive for new pits. Now the province has decreed that municipal plans "should provide a clear and reasonable mechanism to permit the establishment or expansion of pits and quarries."

The policy goes even further, instructing municipalities to "identify and protect" from incompatible land uses those areas with aggregate extraction potential. This could add up to half a

million acres in southern Ontario. Exceptions can be made only if extraction would not be feasible or the municipality can prove that some other land use would serve a greater long term interest of the general public.

As past experience has shown in cases such as the Oriskany sandstone and the Speyside quarry, aggregate extraction can have serious impact on the natural environment. The new policy does allow municipalities to prohibit some kinds of pits in areas of particular environmental sensitivity, but it also seems to ensure that there will be many battles ahead along the Niagara Escarpment and elsewhere to stop undesirable proposals. Unfortunately, the weight of the Ministry of Natural Resources will be against the conservation of natural areas in those battles. The policy commits the Ministry to make representations to the Ontario Municipal Board on gravel issues, something that they won't do for wetlands. It also serves to only "encourage" the industry to rehabilitate their eyesores, rather than forcing them to do so.

Copies of the Mineral Aggregate Policy are available from the Ministry of Natural Resources, Whitney Block, Queen's Park, Toronto. If your community will soon be facing demands for new gravel pits or quarries, the Policy should be required

Rock Lodge property.

Applications for the position of dump caretaker/canine control officer were reviewed by council and it was moved by R. Burk, seconded by J. Hills that the application of John Lonsdale be accepted and the starting rate be \$5 per hour.

• Moved by D. Wruth, seconded by B. Neville that the general accounts in the amount of \$9,226.90 and social assistance in the

amount of \$1,496.82 for the month of April be approved.

• Moved by R. Burk, seconded by J. Hills that Canada Community Development Program payments in the amount of \$2,730.62 for the month of April be approved.

• Moved by R. Burk, seconded by J. Hills that this meeting be adjourned until the next regular meeting of council on Tuesday, June 7, 1983 at 7 p.m. unless called sooner by the reeve.

Fishway will help trout

The operatin of the Ganaraska Fishway and the collections of rainbow trout eggs during the spring of 1983 will help to ensure that rainbow trout will be available for future generations to enjoy.

The Ganaraska Fishway is located on the Ganaraska River in Port Hope and is operated by the staff of the Lindsay district office of the Ministry of Natural Re-

sources. The fish "ladder" was constructed in 1974 to allow trout to by-pass the Corbett Dam and reach the excellent spawning and nursery areas in the upper section of the river. The spring rainbow trout run on the Ganaraska has increased annually, from 527 fish in 1974 to 7,910 fish in 1983.

This large increase can be attributed to natural reproduction of trout.

Senior Citizens' Week

JUNE 19 - 26, 1983

Senior Citizens' Week has been announced and will be held on June 19 to 26, 1983.

Ontario salutes the ever-growing contributions of its seniors to the quality of life.

This year instead of the Over 70's Dinner, Hyland Crest Home is having an "Open House and Afternoon Tea," for the seniors on Tuesday, June 21, 1983, from 1:30 p.m. to 4:00 p.m.

This invitation to attend is open to all who are over 65 years of age, along with their spouses and/or escort. The Tea is sponsored by the Home and will be put on by the staff and volunteers.

We will be looking forward to seeing you on Tuesday, June 21.

Thank you
Sidney Brown,

It's been 60 years of business for Curry Motors in Haliburton -- a business that sprang out of W.R. Curry's livery stable. R.J. Curry (second from right) was responsible for bringing the General Motors line

to the business. At left is Joe Iles, vice-president; Len Salvatori, secretary-treasurer; R.J. Curry, director, and Don Popple, president.

It's the 60th birthday for Curry's

from page 1

W.R. Curry was, according to his son, "more interested in logging and sawmills -- and his interest continued until he retired in the 1950's."

W.R. Curry, like his father before him and his son after was a former county warden and Dysart reeve.

After he attended high school in Lindsay and spent a year in Canada Business College R.J. Curry "became

Stanhope township will send delegates to municipal conferences

from page 11

and Area directory to be published by the Times. Ann Barker and Gerald Bain is a committee appointed to prepare the advertisement to be submitted prior to May 19, 1983. Carried.

• Moved by Elgin Stouffer, seconded by Elvin Johnson

active in the automobile business."

"In 1923 I signed the first contract with General Motors for Chevrolet and Oldsmobile." Sales over the next few years "weren't that good" but in 1929 "we sold 45 new cars."

The cars were shipped by train in special box cars.

The Depression, of course, crippled the business but it managed to pull through. In

minutes dated April 20, 1983. Carried.

• Moved by Dale MacDonald, seconded by Ann Barker that council accept, with regret, the resignation of Mrs. Mary Wilson from the Recreation Committee. Council expresses its appreciation to Mrs. Wilson for her work

that the Clerk be authorized to attend the AMCTO Conference to be held July 3, 1983 - July 6, 1983 inclusive. Carried.

• Moved by Dale MacDonald, seconded by Elgin Stouffer that council acknowledge receipt of the Recreation Committee meeting

wartime years, with gas and tire rationing, very few new cars were built and less were sold. "People had to hang on to what they had," recalled Curry.

The present building opened in 1949, and the new showroom was built in 1970, he said.

Peter Curry became the third generation in the family to run the business, beginning in 1973. In 1983 R.J. Curry's son-in-law Don Popple became the dealer.

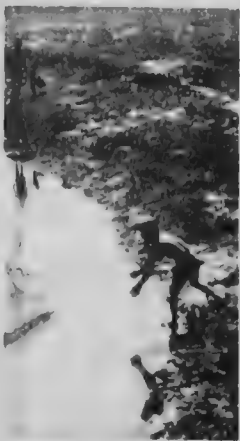

They were a proud group -- a group included R.J. Curry -- as they watched the trucks roll in.

By-law 83-11 to 83-13 inclusive were read a second time and referred to a committee of the whole council with Elvin Johnson, Dale MacDonald and Ann Barker respectively appointed chairman.

over the year with this committee. Carried.

appointed chairman.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Hydro says use of Tordon is unlikely

Local branch has small supply on hand; group calls for chemical studies

The local office of Ontario Hydro has a supply of Tordon liquid on hand -- but official Don Mann said it's unlikely the pesticide will be used this year to control unwanted growth on Haliburton County right-of-ways.

The chemical has been restricted to "permit" status by the Ontario Ministry of the Environment. In other words, Tordon can't be sprayed unless the ministry approves the manner in which it will be used and the location it will be used.

Research by environmentalist Sonya Holliday-Rhodes has revealed a conflict of opinion among scientists about the pesticide. An American scientist has suggested a link between the chemical and cancer, and Holliday-Rhodes and others have asked that it not be

sprayed in the county -- pending further studies.

Mann told the *Echo* that the chemical "has been used in the past" but hasn't been sprayed this year. He did indicate, however, that Hydro has applied for a permit to use the pesticide, and has it on hand at their local office.

Mann said he personally had no qualms about the use of Tordon.

Holliday-Rhodes is attempting to organize a public meeting on the spraying of chemicals locally, involving officials from Hydro and from the Ministry of Transportation and Communications.

The MTC reported last week that they had not used Tordon here for about "three or four years."

New name

After making a brief appearance before county council last week, Holliday-Rhodes was informed that

council didn't want their meetings to be a forum for discussing dioxin. She was also cautioned about using "Haliburton County" in the name of her anti-pollution committee -- since her group has not been endorsed by county council.

She told the *Echo* Monday that she intended to rename her committee "The Haliburton Highlands Anti-Pollution Committee," and has asked county clerk Win Lahay to bring up her request at the next meeting of council.

Holliday-Rhodes said she's not trying to pressure officials to "ban the stuff" but, in light of controversial reports of the safety of some pesticides, is asking for all views to be considered by agencies involved.

Reports

At last Thursday's meeting of Anson, Hindon and Minden council Counc. Gary Kenney said he felt an

easily-accessible public record should be kept by Hydro and MTC on what they are spraying -- so that questions could be answered "20 years down the line."

Coun. Dave Stevens said that he had never heard of anyone "being hurt from 2, 4, D...we use it all the time." He compared dioxins to the cat family.

While the lion and a kitten are both "cats", one is dangerous and the other is not -- and the same holds true for dioxin isomers, he maintained.

Reeve Lyle McKnight said he felt the warden's call for a public meeting had been the right move. Deputy-reeve Ed Pergolas agreed, saying he felt things had been "well-handled" by the warden.

The *Echo* has received a number of letters on the subject, and they appear on page four.

Melinda Brown (left) is overcome by emotion as her husband Marvin makes a few comments at his going-away party last Thursday in Carnarvon. Brown was up until recently, Stanhope's road superintendent. A large crowd of people filled the Christian Education Building in Carnarvon for a surprise get-together.

Mini-fair plans whittled down by AHM council

A lack of committed participation by Minden-area craftspeople has resulted in a whittling down of the municipality's Mini-Fair plans.

Coun. Gary Kenney of AHM reported last Thursday that just five "concrete applications to use the booths" had been received.

The councillor held a meeting last month with local craftspeople, and most expressed interest in the concept. However, Coun. Kenney explained that many of them just weren't prepared to begin a retail operation this year, while others felt that "costs were higher than what they wanted to invest in an untried situation."

New uses planned

For that reason, Coun. Kenney proposed new uses for the mini-fair buildings. It had already been suggested that one of the modular wood buildings be used as part of AHM's contribution towards the area information centre on Highway 35.

Lutterworth Township had provided the property for the centre, and AHM was to provide the building.

A second building will be made available to the Minden Fair Board and will be converted into a public washroom facility in the Minden fairgrounds.

The third will be used for its original purpose, as a mini-fair

pavilion.

Council passed a resolution supporting this move.

Coun. Kenney suggested that the price of renting the booths be dropped in the first year, since the project is in its trial phase. Instead of the previous \$50 rental for a three-day weekend, he suggested a flat rate of \$10 daily.

Unfortunately, the planned June 10 Street Fair has also been scrapped.

"Based on feedback I've received," said the councillor, the street fair should not be attempted this year because "of a lack of involvement."

"There's no sense putting a

couple of empty buildings on the main street," he added.

Another half-dozen

Deputy-reeve Ed Pergolas pointed out that despite the lower fees, potential renters would have to "take a licence fee into consideration."

"The remainder could be paid back to the mini-fair to build another half dozen (booths)," he said.

Reeve Lyle McKnight pointed out that the fair concept "might take a couple of years to get off the ground." Coun. Kenney agreed, pointing to early problems in now-successful events in such centres at Toronto and Ottawa.

Young Angela Henry (left) and her friend Amanda Billings of Tory Hill enjoyed the puppet show last Sunday at the Tory Hill Community

Centre. Orillia puppeteer Vic Higgenson and his wife put on an excellent show for the kids -- who also enjoyed popcorn and cold drinks.

Chamber changes stand on residential/cottage promotion

The Haliburton Highlands Chamber of Commerce has reversed its stand on the value of promoting cottage residential development in the county.

In a letter read at Anson, Hindon and Minden council last week, Chamber president Rhonda Elstone stated that the organization now agrees that the "issue of cottage and residential (promotion) has not been fully addressed."

The reason for this is simple, she maintained, stating that "up until now no one has asked us to address it."

Since tourism promotion programs for 1983 are already un-

derway, any "major thrust" towards promoting cottage and residential development would have to take place in 1984 and 1985. The letter concluded by stating that municipal input into Chamber affairs is "greatly appreciated."

A pleased Coun. Gary Kenney said the Chamber had made a move "that left the door open...and that's good."

"It's up to us to do our thing," added Reeve Lyle McKnight, who said he was happy to see the Chamber "branching out" from promotion aimed at attracting "transient" visitors.

More emphasis should be placed on attracting "people who stay, and

people who keep coming back every summer," noted the reeve.

Information booth

The AHM/Lutterworth area information centre was also discussed by council last week.

Council passed a motion calling for joint participation with Lutterworth "in the installation and servicing of an area information centre to be located on Highway 35 approximately one mile north of the county's southern border. Anson, Hindon and Minden agrees to provide a concrete pad and building complete with necessary electrical service to equalize costs for land purchased and site preparing that

Lutterworth Township has already agreed to supply."

The motion concluded that "all further costs associated with interior finishing, staff, washroom facilities and so on shall be approached on a 50/50 basis subject to approval by councils for both municipalities."

While certain key areas of the booth will be devoted to promoting "AHM and Lutterworth, and what we have here to attract people" the centre will offer free of charge, space for other county organizations and individuals to display their brochures -- much like other booths in Wilberforce and Haliburton village.

Carnarvon honors a well-loved resident

Stanhope Township residents paid tribute to one of their own last Thursday night.

A surprise dinner party, honoring retiring township road superintendent Marvin Brown, attracted about 75 people to the Christian Education Building at the Zion United Church in Carnarvon.

Brown and his wife, Belinda, are leaving the area to live in British Columbia. Both were moved by the turnout of friends that bade them farewell.

"Stanhope Township will always be an important place in our hearts," he told the audience. The crowd chipped in to a pot to give the Browns a little going-away money, and presented them with a card signed by all present.

A long-time Carnarvon resident, Brown began his work with the township back in 1979.

According to municipal clerk Gerald Bain, Brown was a co-operative, steady employee. His main accomplishment in his years as superintendent was a drive for the "prime resurfacing of existing gravel roads," he said.

A neighbor to Marg and the late Orval Harrison, Brown was an active member of the community. According to Marg Harrison, who organized the pot luck supper, Brown is going to B.C. to be close to his family. "He's always loved children...and now he'll be near his grandchildren," she explained.

Many of Brown's municipal cohorts were on hand for the Thursday dinner. The Browns sat with Reeve Harry Davis and Deputy-reeve Elgin Stouffer. Others on hand included former Reeve Jim Harrison and Clerk Gerald Bain.

From the front page

"There's no leeway at all" in the individual committee budgets, he explained. "Any requests that come in will have to be looked at carefully," he added.

As an example he noted that the request for aid from the seniors hostel in Snowdon Township had not been included in the budget, and funds approved would have to come from the welfare budget.

Some areas cost more than most

people would think, he said. The parks and recreation budget for 1983 is \$465,000 (although \$199,000 came from the COED grant program) and \$40,000 has been budgeted for waste management.

Deputy-reeve Pergolas, who wasn't sporting new shoes, called it a "pay as you go budget."

The budget meeting is set for Thursday night at 7 p.m.

Flooding petition presented

from Page 9
mean water from the creek would flow out into the Gull, but water from the river couldn't flow into the creek and back it up.

Council was quite interested by the ideas, and favored the concept of more back fill and proper log retaining walls to improve the bank of the Gull in Minden. Coun. Kenney suggested sandbags with "Thank you Trent Severn" stencilled on them.

Reeve Lyle McKnight called for an investigation into the costs of flood control by the municipal parks committee.

Council passed a motion ac-

cepting the petition of Gammon's group.

"Council is certainly in favor of looking at the purchase of the lot," the reeve told Gammon. He added that ideas expressed -- such as the one way valves in culverts -- seemed "workable." The parks committee, according to Deputy-reeve Pergolas, is looking at ways ditching and one-way culverts could be used to deal with the problem, without purchasing the lot.

About 100 ratepayers attended the meeting last week to question council and officials from the Trent Severn Waterway on high water levels.

District News

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Dorset News

by **PHYLLIS BRISCOE**
"When starting out at a gloomy day you must realize that it is the day that is gloomy, not you. If you choose to be gloomy, too, that's all right, but it is not mandatory."

I want to correct an error in last week's news re trip to Woodbine race track. The correct date is Thursday, June 23 and not June 24.

On the weekend of May 15-17 a group of local Pathfinders, enjoyed a camping trip at KOA camp, Dwight. They had a rainy night and their tent leaked, but they enjoyed every minute of it. They were working on

badges for a Camping Emblem and acquired knowledge of a genuine camping trip. They were also working on badges for Religion and Life, and on Sunday morning received instruction from Rev. Kim Wright at services at Dorset, Dwight and Hillside. The Pathfinders from Dorset were Lynn Fortney, Jennifer Morris, Jackie Moulard and Susan Fortney. There were also girls from Minden, Dwight and Hillside.

Best wishes for a happy seventh birthday to Yvette Black on May 26.
A festive time was had at

the Dorset Community Centre on Sunday, May 15 when a large number of senior citizens, most of them descendants of pioneer families, gathered for a luncheon and time of reminiscing. The greatest number of family representatives were the Averys, Barrys and MacKays, many of whom came from Niagara Falls, St. Catharines and Oshawa. Many other families were represented by one or two members.

Ellen and Orrie Avery were voted King and Queen for Dorset Pioneer week, with Hector and Marcella McKay as stand-ins. A thank

you to Pricilla Lewis for organizing the event and she wishes to thank her helpers; Eileen Barry, Lee Payne, Judy Speers, Helen Avery, Ann Ohlmann and Ruth McLennan. A thank you to Rev. Kim Wright who acted as MC and a special thanks to the Dorset Lions Club who made it all possible by covering the expenses.

H.H. If you don't finish an oil-base paint job at one time, put the brush in a plastic bag and slip into the freezer. Take it out one half hour before continuing work and it will be soft and not dry.

Norland Natter

by **KELLY GRAHAM**
April showers bring May flowers - what do May showers bring? Well, at least we're not living in England where May 25 was the first day the sun had shone in 30 days!

The Highlands Cinema in Kimmount has opened for the summer. I thought that each week I would list the coming attractions. On June 4 and 5 the early show (7:00) will be "Night Shift" and the late show will be "Life of Brian." Why not check these flicks out? The theatre is located north of the main street on Highway 121 just past Canadian Lumber.

On request I will print the gold medal winners in each category from the Norland Public School track and field meet.

Primary girls -- Dawn Gostlin; Primary boys -- Jas-

on Klett; Junior girls -- Diana Brown; Junior boys -- Quentin Greer; Intermediate girls -- Lisa Kay; Intermediate boys -- Jim Riorden; senior girls -- Kelly Graham; Senior boys -- Stacy Eason.

Mr. Keith Brodie of Norland is in a Peterborough Hospital for about ten days. I'm sure he would appreciate cards or letters wishing him well.

Mrs. Murray Detlor recently returned from a three-week trip to England. While there she stayed in London and visited relatives in Portsmouth and Surrey. Lucky Mrs. Detlor also made a short jaunt to Paris.

There was a great turnout at the fireworks display in Norland last May 22 despite the rain. The Norland Volunteer Firefighters Association made approximately \$150 in donations and the display

consisted of some \$700 worth of fireworks.

The number one song on 1050 CHUM for the week starting May 20 was "Let's Dance" by David Bowie.

Dave and Bev Graham and Baryl Kipp of Norland recently spent a night in Windsor, Ontario where they were attending a 50th wedding anniversary party.

The euchre scores for Thursday, May 26 were as follows -- ladies high, Barb Kenneth; ladies low, Michele Angiers; men's high, Ken Bowins; men's low, Roger Gostlin; lone hands, Doug Taylor, Jean Barker, Grace England, and Doug Taylor got skunked.

Rabies vaccination clinics for dogs and cats will be held on June 8 from 10 a.m. to 8 p.m. at the Lindsay Fire Hall and on the same time 3 p.m. to 7 p.m. at the Manvers

Township shed.

A clinic at the Fenelon Falls arena will be on June 4 from 10 a.m. to 3 p.m. and at the Bexley Township garage in Cobocok on June 11 from 10 a.m. to 2 p.m.

The grades 5, 6, 7 and 8 classes from Norland Public School recently returned from the Leslie M. Frost Natural Resources Centre near Dorset. While there we studied geomorphology and the whole trip proved a lot of fun.

The winner of Shirley Harrison's latest Wintario ticket was Dale Lightfoot.

Well that's all the news I have this week. If you have some news for me please call 454-3707.

P.S. I just returned from Burnt River where we (the Norland 12 and teen baseball team) defeated Burnt River 28-8!

Coboconk News

by **SHEILA LAKE**

A very important date for you to remember is the Rabies Vaccination Clinic if you have a pet.

The Coboconk clinic will be held on Saturday, June 11 from 10 a.m. to 2 p.m. in the Bexley Township garage on Grandy Road. Dogs must be on a leash and cats in a cage. This year there will be a \$3 charge per animal. Other nearby clinics are Saturday, June 4 (10 a.m. to 3 p.m.) at the Fenelon Falls Arena. The Minden area clinic is on Saturday, June 18 (10 a.m. to 2 p.m.) at the Municipal Office and the Haliburton Clinic is on June 11 (from 10 a.m. to 2 p.m.) at the Natural Resources building. With the number of wild animals that have rabies, you really should protect your pet against this disease.

Sympathy goes out to the families of the late Don Burrows who died very suddenly

on Thursday around noon, and to the Stan Liscombe family.

Stan also died very suddenly at Lindsay on Wednesday, and was laid to rest in Pinegrove cemetery, Norland. Older residents will remember when Stan's wife Margaret (nee Chynoweth) was killed when hit by a car at Norland, some 12 years ago or so.

Winners in the seniors euchre held on Tuesday evening were as follows: ladies first, Ann King, 81; ladies second, Inga Wassel, 74; most lone hands, Eleanor Butler, six; consolation, Helen Alguire, 45.

Men's first, Don Alguire, 77; men's second, Elsie Cowan, 71; most lone hands, Freda Boyce, four; consolation, Tony Kenneth, 41.

Winners in the bridge were as follows: first - Ethel Spry, 5610; second, Myrtle Grunwell, 4980; consolation, Saira Steeves, 1140.

The flower containers were planted last week, by Harold Alton, Myrtle Faulkner and Peggy Pratt. Volunteers are needed to keep flower beds clean, help clean out and plant the big rock garden on the south east side of the river and help is needed in making a bed of flowers near the bank. If you are a knowledgeable gardener and appreciate God's handiwork in flowers, why not lend a hand to beautify our little village?

Congratulations to Mr. and Mrs. Alan James Boyd - nee Sherry Bowins. Sherry Lee is the daughter of Elmer (of Home Hardware staff) and Shirley Bowins. The newlyweds were married at the bride's parents home in Baddow just south of town, on May 28.

Mr. and Mrs. Richard Bradamore of Oshawa and Mrs. Jane Bradamore of Little Britain were visitors of

Mrs. Ruth Rutter and Garnet Richard, and Carol went on north to visit the Cruikshank clan in the West Guilford area and Jane stayed overnight with her sister. Mr. and Mrs. Norman Rutter of Omemece were also visitors at the Rutter home last week.

Mr. and Mrs. Don Fountain and family of Barrie were recent visitors of Gwen Rutter.

Mr. and Mrs. Kirkcaldy and girls of Ajax visited her mom, Mrs. Mary Hendeson on the weekend.

Mr. and Mrs. Doug Hirstwood and children - Mr. and Mrs. Bill Hirstwood and family, and Mrs. Carolyn Strong, all of Buller Road, Norland; Mrs. Judy McAllister, and Scott of Lindsay all were visitors of Mr. and Mrs. Clinton Hirstwood on Saturday and celebrated little Christopher's birthday.

Gooderham News

by **MARY HADLEY**

A pleasant evening was spent last Thursday when Ileen Hunter was hostess for a baby shower honoring Barbara Hunter. The attractively-decorated room added much to the setting for this occasion. Many useful gifts were received for which Barbara thanked the guests. A tasty lunch with an appropriately decorated cake culminated an enjoyable time.

A welcome back to their Pine Lake home is extended to Doreen and Bill Kendall who spent the winter months in Florida. The chilly weather on arrival here must have made them wonder if they came too soon.

Also a welcome to our community to Pat and Walter Barron and Pat's mother, Phyllis Chamberlain of Ferguson. They have purchased the two cottages to the west of Army Goff on Pine Lake and expect to spend the

summer months here.

Members and friends of the Glamorgan Senior Citizen's Club met last Wednesday evening in the Community Centre for their monthly pot luck meeting. Again a varied and delectable meal was enjoyed by all.

A special feature of the evening was the musical entertainment by four guests. Norman Graham on the violin or banjo, Jimmy Thompson on the violin,

Merv Redner and Gerd

Howden on guitars produced excellent music. Jack Gedney called off for some square dancing to their toe-tapping music. Jimmy Thompson, 86, amazed all with his step dancing which drew much applause.

Visitors with me over the holiday were my son, Bob; his wife, Pat; three grandchildren, David, Murray and Sherry and great grandchild, Michael, of Barrie.

Kinmount Korner

by MILLIE MOSS
Editor's Note: This article was intended for last week. Hi there!

Mrs. Kay Allen of Kinmount was in Peterborough last week, attending the confirmation of her grandson, Jamie McGillen.

Miss Michelle Allen of Lindsay and who is attending Ryerson College in Toronto, visited with her grandmother, Kay Allen, recently.

Nice to see Mary Snoddon home from hospital and getting out and around again.

The C.W.L. held their monthly meeting at Holy Angels Hall where election of officers for the next year took place. Coming in as president is Madeline Pearson, as treasurer - Aileen Brown, as recording secretary - Anne Cain, as first vice-president, Mrs. Harold Scarlett, as second vice president - Martha Mansfield.

Looking after the sick: Nora Brandon. A pot luck supper was held May 18 at Holy Angels Hall.

Mr. and Mrs. Ambrose Ferren have returned to their cottage for the summer. Welcome back Pat and Amy.

Mrs. Harry Platt has been in Ottawa visiting with friends and relatives.

Hope Dannie McCluney will be back home from Ross Memorial Hospital soon. He's coming along nicely following surgery to his shoulder which was injured some time ago while playing hockey. You'll be back to your sports in no time Dan!

Enjoyed a Creative Circle Party at our house on Monday, May 16. Renee Hyams of Toronto area was our demonstrator and she sure does some beautiful hand crafts. If you wish to order a kit of some kind, give me a call at 488-2353 as Renee will be phoning me from Toronto Thursday night, May 26 and

I could relay your order at that time.

Shirley Harris enjoyed the company of her son for a couple of days last week.

A Horticultural meeting was held at the home of President Mary Hartin Sr. last Thursday evening at which nine of the executive were present. A list of our coming events were discussed and all being well, you will see certain ladies (and hopefully men) with shovel in hand, around town, digging, planting and getting a start at making our little "Korner" a bit more beautiful. Watch for us June 1 and if the spirit moves you we'll even let you dig a little bit! Why not join the Kinmount and area Horticultural Society. We do enjoy it! Welcome to you folks who joined up with us last week.

A very happy birthday to Robert John Pyke on Thursday, May 26.

I was asked recently for a recipe for "bagels": ¼ cup lukewarm water, one tsp. granulated sugar, 1-8g package dry yeast, 1 cup milk, 6 tbsp. shortening, 2 tsp. salt, one egg, well beaten, 3½ cups all-purpose flour, one egg-yolk - slightly beaten, 1 tsp. water, caraway or poppy seeds. Dissolve sugar in lukewarm water in a large bowl. Sprinkle yeast over water and let stand 10 minutes. Mix well. Scald milk, stir in shortening and salt. Cool to lukewarm. Add to yeast mixture along with well beaten egg and half the flour. Beat until smooth. Add remaining flour and mix until dough leaves sides of bowl. Turn out on to a lightly floured surface. Knead until dough becomes smooth and elastic, about five to ten minutes. Place in a lightly greased bowl. Grease top of dough and cover with waxed paper. Let rise in a warm

place until doubled in bulk, about one hour. Punch dough down and turn out on to a lightly floured board surface. Divide dough in half. With palms of hands, form each piece of dough into a 12-inch roll. Cut each roll into 12 equal pieces. Shape into rings, pinching the ends together. Let stand on floured surface ten minutes. Drop bagels into very hot water almost boiling and cook one side until puffy, about four minutes. Turn and cook other side the same length of time. Remove from water and place on an ungreased cookie sheet. Brush with the slightly beaten egg yolk mixed with one teaspoon water. Sprinkle with caraway or poppy seeds and bake in a preheated oven (400 degrees Fahrenheit) for 25 minutes or until brown. Hope you girls have good luck with this one because one of my childhood memories in Toronto, was when I used to take a penny into Lee's store on the corner of Argyle and Shaw St., bought a delicious, fresh bagel, right from Mr. Lee's oven and walked out to Given's Street School right across the road with Mr. Lee's words still ringing in my ears "Mazel Tov little one." Those were the days!

Don't forget your Haliburton County Home Support Services: 457-2941, 457-2733.

"We, Us and Co." are once again open for business as of the Victoria Day weekend. All kinds of beautiful crafts, home baking, houseplants for sale plus travellers information. Why not stop in and have a look, you may be pleasantly surprised. Located on Highway 503 about two miles east of Norland.

The Highland Cinema in Kinmount is now open for

the season. Very comfortable seating and snack bar on premises. When weather keeps you in your cottage, why not try our own theatre?

Gift items, clothing, bait, ice, you name it, can be purchased at Hockleys 5 cents to \$1.00 store and Dettman Dry Goods. Good eating at TJ's where you can also pick up your convenience items, visit the games room and get some gift souvenirs. Good food plus, also, at Kinvale Inn, complete line of groceries and so on at Scott's IGA, fish and chip van on Main St. as is Post Office and bank. Then if you're in the market for buying property for your future stop in at the Reg. McCluney Real Estate office at the rear of Dettman's Dry Goods or the Real Estate office next to the bank. There's also a very clean laundromat in our town, two major lumber companies - Rokeby's (formerly Canadian Lumber) and Austin's Lumber. In the gas stations, we have Simpson Motors, Taylors Esso and Hamilton's Texaco, where you can also buy refreshments. Mark Brelsford, who lives just north of Kinmount on Highway 121 does beautiful carpentry and will take orders on hand crafted furniture. We also have to offer, the Royal Canadian Legion Branch 441, a large community centre, a number of churches, the lovely Burnt River with lots of fishing and boating. Come and give our town a try! My good man just called out, "it's quarter past 11, Millie!" so must close for this week. I'm sure I've missed some of you and sure I'll hear about it but read your Haliburton Echo next week and it may be there then. In the meantime stay well and happy.

Wilberforce News

The waters of the Burnt River are still high, however, the publicity given to this problem resulted in a visit from a Parks Canada representative who looked over the situation, viewed the driftwood pileup and then promised quick action to clear the barrier. Our neighbor's family of ducks will appreciate this decision. Each year has seen their clutch of eggs washed away with the overflow from the river. Recently they solved their nesting worries by laying their eggs in an empty dog kennel.

A fellowship of Faith weekend will be held at the Lloyd Watson Memorial Centre June 17-19. This is an interdenominational Lay endeavour to prove our faith real and vital. It will run from Friday 7 p.m., Saturday starting at 9:30 a.m. with a pot luck supper at 5 p.m. at which time the Rev. Robert Rumble of the Evangelical Church of Toronto will be the guest speaker. Evening program of country gospel music

and singing with local and professional talent. Sunday service starts at 10 a.m. with special guest the Rev. Henry Getz.

A warm welcome awaits all and real spiritual upliftment. Children's program and nursery available.

The congregation and friends of the Wilberforce United Church are happy to announce our plans for an addition to our Church for a Christian Education Centre.

Contributions to our building fund will be gratefully received and acknowledged with a tax deductible receipt. During the period of construction our church services and Sunday school will be continued at Tory Hill Church. Contributions may be sent to Mrs. Clarence Bradley, Wilberforce or call 448-2124.

The above church articles are contributed by Margaret Harrison.

Renovations have been taking place this week at the curling rink. It is expected that the building will be in

use during the summer months.

Legion members have begun work on the new cenotaph. This is being built to the south of the Memorial Centre. The design for the cenotaph was drawn up by President Harry Dingley and this may be seen at the Wilberforce post office.

The Monmouth Family Medical Centre will have an open house from 9 a.m. to 1 p.m. on June 6. Everyone is welcome.

Rain on Wednesday caused postponement of the game until Thursday. Remember that Wednesday evening is home game time for the team. They need your support, come out and cheer for Wilberforce.

This is a great time for viewing the spring birds and listening to their outpouring of song. There seems to be an unusual variety this year. Turkey vultures have been seen, American Goldfinches are numerous on the grass, camouflaged by the dandelions. Doris Waymouth of

Silver Springs Lodge on beautiful Elephant Lake found a rare bird in a state of exhaustion. It was a deep red color with black wings and on consulting her bird book she found it to be a scarlet tanager. In a short time the bird revived and took wing. A long time resident says that at one time the tanager was a common bird in this area. Perhaps they are coming back again and, if this is so, they will add a brilliant flash of color to our woods.

We are pleased to welcome a new business to Wilberforce. The County Clip and Curl will be our first hairdressing establishment. This will be a unisex shop with service extended to men as well as ladies. The operator is Cathy Griffin of Keswick.

Please note that the immunization clinic for adults and children will be held on June 9 at the Lloyd Watson Hall from 3 p.m. to 7 p.m. This clinic was previously advertised for June 1.

Carnarvon News

A pot luck supper was held in the CE building Friday evening as a farewell for Marvin and Belinda Brown. They were pleasantly surprised (for they thought they were being taken out to dinner) to find 65 of their friends from around the area, gathered to wish them well in their new venture.

The tables were centred with flower and from the buffet table the guests could help themselves to hot and cold food. Margaret Harrison, who was responsible for the affair, spoke a few fitting words to which Marvin responded. They were then given a purse of money with best wishes for a safe journey to their new home in B.C.

The CE building was in use again the next evening for a bridal shower for Anita McKinley who will marry Ralph Johnson on August 20. She received many lovely and useful gifts. After thanking everyone, a delicious lunch was served. Rev. Gordon Ingram and his wife Joan are visiting her sister Ruby Johnson. Joan was here many years ago on her return from the Yukon and a

shower was held for her at Sherwood Forest. Now they are living in Edmonton. Their daughter is married and their son is in Scotland having received a scholarship.

Miss Laureen Woodcock and friend are visiting Mrs. Velda Harrison.

Mr. and Mrs. Derwin Crawford are moving with their famous horses to the former Milton Dawson homestead.

Places around here are surely changing hands. The original John and James Cowen homes, which were

renovated by Browns' Camps several years ago, are now occupied by two families, the Sitalas, formerly from Kitchener and Waterloo. They will make puppets which will be shipped all over North America.

Hart Lodge has a new owner, but we will all remember the years it was operated by Eileen Hart and her father and later by the Crawfords. It has always been recognized for the hospitality it extended.

We are fortunate in having such fine folk taking up residence in this area.

Good Business Insurance Protects Your Profits, Not Just Your Premises.

Your insurance might easily cover the full cost of repairs - but will it.

Pay for lost inventory? Will it pay for your fixed overheads? And perhaps most important, will it pay for lost profits?

To find out where you stand talk to one of the I.B.A.O. insurance brokers listed below. Is there a difference between an I.B.A.O. broker and an agent?

Yes there is. An agent works directly for one insurance company. An I.B.A.O. broker is independent and unbiased.

Your broker is able to choose a policy that gives you the right coverage at the right price...making sure you're not under-insured or over-insured and that your interests are well represented when you come to making a claim.

So call your broker and ask if he or she is a member of the I.B.A.O.

There's More To Insurance Than Just a Policy

Call the I.B.A.O. broker in your neighbourhood

The holiday weekend is upon us as I write this and it's pouring rain out there. Our visitors who are staying over at the river house were getting ready to go fishing when we left there so here's hoping they catch something other than a cold.

Visitors at the home of Mary and John Pyke over the mother's day weekend were: Marie, Bill and Karen Card of Jackson's Point, Amy and Larry Coker of Utterson, Ida and Clyde Parry of Cobocok and Lindsay, Bill Moss Jr. and Jason along with Bill Sr. and myself. Thanks mom, we enjoyed it! A phone call from daughter Audrey Belanger, of Rexdale, was also received by mom. More recent visitors at the Pyke household were George and Jean Henderson of Norland and Robert and Johanna Card with their two children, Sara and Eric of Jackson's Point.

Did you become part of that traffic jam at Ward Park in Norland on Sunday, May 22? It was the annual fireworks display put on by the Norland Firefighters' and it was a beautiful sight. Young and old alike showed their appreciation with hand clapping, squeals of delight and blowing of car horns. Even the weather cleared for a while during the show and when the rains came again before the end of the show, many of the viewers still stood, ignoring the soaking they must have been receiving and just enjoying the yearly display.

There was a refreshment booth which was doing a lively business and admission was as much as you cared to donate towards the firefighters and their fireworks. I'm ashamed to admit it was my first time to attend the show but it won't be my last. Thanks to all who helped in any way towards making such a happy evening in the earlier long weekend of the year. It was obvious everyone enjoyed it.

My daughter, Bonnie and Jason whom I accompanied said that it had been years since she'd attended a fireworks demonstration and she wouldn't have missed it for the world.

Visitors to Mary and John Pyke's house Sunday, May 22 were Ida and Clyde Parry and at our house: Bonnie Walker, Charlie Ryan, Ted Walker and Cyrus Ulyses O'Neal.

Happy birthday to Alice Rivers on Saturday, May 21. One gentleman in town last Saturday, stepped from his truck only to have it take off on its own crossing the street and striking a parked car.

The continuing saga of city life: the three young men who were here over the

weekend work together and Charlie explained to us why he was so late in arriving here on the Saturday night. The report of a bomb on the premises was phoned in to him and he was advised to clear the plant.

He said action was immediate! In short order the place was busy with officials and upon finding some pipe thought it was a pipe bomb and called in the bomb squad who spent two hours trying to dismantle a piece of pipe.

When order was restored, no bomb, Charlie cleared up and left the city with its bomb threats to come to Kinmount for a little fishing and relaxation only to have a local lady stand beside him and land a lovely fish in just a few minutes. Life's like that Charlie!

W.D. Moss spent his weekend with long time friend Tom Funston, at Tom's summer home at Parry Sound where Bill caught our Monday evening meal, in the form of a nice big pike.

Ruby Schell of Kinmount, would at this time, like to say a big thank you to all her friends, who attended her 80th birthday party which was held at St. James Hall in town, on Sunday, May 22 following services. Many friends, of which Ruby has many, attended and enjoyed the few hours of happy celebration. Former neighbors from Lorneville along with an old teacher of Murray's and a former worker with her husband, Moss attended also and brought back pleasant memories. Many happy times for the future are wished for you Ruby.

Frost in late May -- yech! Still getting call reports of 488-2399! Read your Haliburton County Echo - I'm at 488-2353.

Visiting Mr. and Mrs. Boland of White Lake Road over the holiday weekend and an extended stay, are Mr. and Mrs. Andrew Magee from Leamington, Ontario. While there, Betty and Bill entertained at a lavish birthday dinner in honor of Mary and Guil Guillemain. Attending the party of eight was Grannie Carefoot and Leonard Hughes. Mary received many lovely gifts which she graciously thanked everyone for. While sitting at the dinner table a magnificent view of a young doe appeared from out of the bush. At the end of the meal an elaborate birthday cake baked by Betty, was served to the guests. A very enjoyable evening was had by all with some good old chit chat and a sing along.

All paid up members of the Kinmount and area Horticultural Society, are reminded

to pick up your seed premiums at Scott's IGA store in town. You may even get them planted if it ever gets warm again!

Jack Pyke enjoyed his birthday on Thursday, May 26 with Bill, Jason, Bill Sr. and I visiting at separate times through the day and later in the evening Lorrie Moss.

Our sincere sympathy at this time to family and friends of Stan Liscombe, who passed away very suddenly in Lindsay at the age of 43 years on Wednesday, May 25. Funeral on Friday, May 27 with burial at Pinegrove in Norland.

The men have been very busy recently on the streets of town taking up sidewalks in order to divert excess waters that run down the hills, by installing catch basins. There are also men still working at taking up the railroad tracks and that is certainly making a change in the appearance of our town.

Enjoyed a visit from two young ladies last Thursday evening, who have some very exciting news: keep your eyes open for a new business which will open soon in our "Kinmount Korner." Elaine Cooper and Patricia Munro will be opening a bake shop right next door to the laundromat and it will be called "Hopes Painpanier" - with all home baking done right on the premises. You'll be able to purchase bread, rolls, pies, cakes, cookies, you name it, without travelling out of town. The date hasn't been set for the grand opening yet but as soon as some

necessary jobs are completed, the girls will be all set to bake up a storm. The best of luck to you Elaine and Pat and may the dough roll in for you!

Hope Dave McNamara is feeling much better by now. Margaret Telford is getting better every day. I'm glad to report.

A very happy 70th birthday to Anna Wiseman on Sunday, June 12.

Sympathy to family and friends of Don Burroughs who passed away last week.

Recent visitors at the home of Ernie and Vivian Anderson, RRI, Kinmount, included Phyllis and Bill Austin of Edmonton, Alberta; Blayne, Rhonda and Dayle Monahan from White Horse, Yukon.

A beautiful baby girl was born to Wendy and Bill Cahill on Tuesday, May 24 at the Scarborough Centennial Hospital. She is a baby sister to Lindsay and granddaughter to Jack and Joyce Hills of the "JJ Ranch," RRI, Kinmount. Congratulations to all, not forgetting great grandma Hills.

Results of the St. Patrick's euchre party, Tuesday, May 24: ladies' high: Ann Cain, ladies' low - Gladys Anderson; men's high - Ada Turrall, men's low - Richard Walker, lone hands - Esther Graham. There were seven tables of players.

A pot luck dinner was enjoyed very much by the seniors club last Thursday afternoon.

Well folks stay well and happy and be here next week.

Senior League

from page 10

passed away and would be laid to rest. Feeling sorry for the mother, who would be left alone one of the residents phoned to offer sympathy but the son answered the phone.

Linda is doing a real fine job as activities director, we do all we can to try to help her. But we are looking forward when Doris will be back with us again. Putting on the bingo from the Kinsmen Club on Thursday night was Paul Travers and Mr.

and Mrs. Lyle McKnight.

Mrs. Della Curry celebrated a birthday on the 28th day of May. The Dionne quintuplets were born on that same date, but only two of the five are left, I'm sorry to relate.

Mr. Ray Jenkins and wife came to visit his mother, dear Ray gave us some very good music on the piano while they were here. Millie Wood has made eight pair of

pillow slips decorated with flowers, she is always busy, often after hours.

We had a good sing song Friday afternoon, read some humorous stories and sang some good old tunes. Norma played the music, always ready to lend a hand, we closed by singing "O Canada" our home and native land.

Sermons we see
I'd rather see a sermon than hear one any day

I'd rather one should walk with me than merely tell the way.

The eye the better pupil, and more willing than the ear

Fine counsel is confusing, but example's always clear.

And the best of all the preachers are the men who live their creeds,

For to see good put in action is what every body needs.

Glamorgan holds regular meeting

A regular meeting of the Glamorgan Township council was held in council chambers May 17 at 7 p.m.

Present were Reeve Robert McCausland, presiding, Deputy Reeve R. Jane Franklin, councillors Larry Hunter, Glen Madill, and Dallyn Pickens, and staff J. Weldon McPhail, CBO/BEO and Elva V. Bates, clerk-treasurer.

Dallyn Pickens declared an interest in Agenda Items 3 (ii) and 3(iii) because he is an executive officer of the company which owns the subject lands.

Resolutions

• Moved by Larry Hunter, seconded by Glen Madill that applications for consent be recommended as follows:
(1) Application H38/83 subject to payment of \$50 administration fee;
(2) applications H45/83 and 46/83 subject to rezoning in accordance with application

83-2 and payment of administration fee of \$100;
(3) application H52/83 subject to a Minor Variance on the retained lands and payment of the administration fee of \$50, and subject to a legal right-of-way being provided over the subject lands for abutting lands if entrance to Highway 503 is not approved, and

(4) H91/83 provided the severed lot is at least one acre and provided right-of-way is provided over the retained lands if an entrance permit is not approved by MTC, and that the administration fee of \$50 be paid. Carried.

• Moved by R. Jane Franklin, seconded by Dallyn Pickens that the by-law enforcement committee's recommendation regarding decks, dated May 10 be accepted subject to the provision that the amendment apply only to buildings which existed at

the time of the passing of by-law 79-14 and in the shoreline residential zone. Carried.

• Moved by R. Jane Franklin, seconded by Glen Madill that part lot one, concession one, TR File 82-3 and part lot 30, concession 3, being part one road 21, TR file 82-4 be listed with Bowes and Cocks Ltd., until August 30, to sign the Real Estate Agreement. Carried.

• Moved by R. Jane Franklin, seconded by Dallyn Pickens that the budget committee report on memberships, subscriptions, conferences and education, dated April 19, 1983 be approved. Carried.

• Moved by Larry Hunter, seconded by Dallyn Pickens that by-law 83-8, being a by-law to write off taxes be read a first time, be considered to be read a second and third time and be

passed. Carried.

• Moved by R. Jane Franklin, seconded by Dallyn Pickens that by-law 83-9, being a by-law to rescind by-law 83-7A, be read a first time, be considered to be read a second and third time and be passed. Carried.

• Moved by Larry Hunter, seconded by Glen Madill that Blake MacDuff be hired for grass cutting for the 1983 season on the same basis as 1982 with a five per cent increase in remuneration. Carried.

• Moved by Dallyn Pickens, seconded by R. Jane Franklin that Melanie Dewey's application for the job of cleaning the public beach at \$10 per week starting May 24 weekend to Labour Day weekend, be accepted. Carried.

• Moved by Larry Hunter, seconded by Glen Madill that the meeting be adjourned. Carried.

Changes in store for local Bell Canada employees

J. Bert Powell, District Manager, Bell Canada is pleased to announce the following personnel changes effective May 23, 1983.

A.C. (Anne) Jenkins (formerly Area Manager/Business Office) assumes the position of Area Manager - Installation. In her new position Jenkins will

be responsible for all telephone and communication system installation for both residential and business customers within the Peterborough District.

N.T. (Tom) Harper, (formerly area manager / installation) assumes the position of area manager - business office.

notice : decision

Decision CRTC 83-290.
 Cottagers Security and Service Ltd., Haliburton, Ontario, 821125200 following a public hearing in Hull, Quebec on 1 March 1983, the CRTC announces that it renews the licence for the broadcasting receiving undertaking serving Haliburton from 1 Oct. 1983 to 30 Sept. 1988, subject to the conditions of licence specified in this decision and in the licence to be issued. The boundaries of the authorized area will be specified in the schedule which will be appended to the licence. It is also subject to the condition that the licensee not charge more than the authorized maximum monthly subscriber fee of \$8.

Complete texts of CRTC documents are published in both official languages in the "Canada Gazette," Part I, which is generally available for viewing in reference libraries; single copies are sold at bookstores carrying Canadian government publications. They may also be read at CRTC offices; CRTC decisions may be read at licensee offices during normal business hours. Public interest groups are invited to contact the CRTC for copies of CRTC public documents.

CRTC telephones: Ottawa - Hull (819) 997-0313.

AHM council hears petition

A regular meeting of Anson, Hindon and Minden was held May 26 with Reeve Lyle McKnight in the chair. Also present were Deputy-reeve E Pergolas, councillors P. Burk, G. Kenney, D. Stevens, MLEO - R.C. Schell, Clerk-treasurer E. Burke.

Resolutions

• Moved by D. Stevens, seconded by G. Kenney that the minutes of the meetings held on May 12, May 18 and May 23, 1983 be approved as circulated. Carried.

Mr. Garth Gammon was present and presented a petition to the Municipal Council.

• Moved by E. Pergolas, seconded by G. Kenney that the petition submitted by Garth Gammon requesting the townships to take immediate action to contain the Gull River within its banks including the acquisition of part of lot four, concession A owned by Paul Meuller, filling said lot and the installation of one-way culverts and fill where flooding has occurred, be accepted by council and the matter be investigated by the Parks Committee. Carried.

• Moved by E. Pergolas, seconded by D. Stevens that council for Anson, Hindon and Minden endorse the concept of a domiciliary hostel as proposed in the Township of Snowdon and Anson, Hindon and Minden would make use of such a facility providing the Hostel complies with all governing Municipal, Provincial and Federal regulations and a suitable contract may be agreed upon by Anson, Hindon and Minden and the Operator of the Domiciliary Hostel, subject to endorsement by the Ontario Ministry of Community and Social Services. Carried.

• Moved by P. Burk, seconded by D. Stevens that condition number one in severance application H93/82 regarding a right-of-way to the township across her property be waived and the remaining conditions shall be met. Carried.

• Moved by D. Stevens, seconded by G. Kenney that the reeve and clerk be authorized to endorse the contract for the Canada Ontario Employment Development project. Carried.

• Moved by P. Burk, seconded by G. Kenney that a deposit of \$200 be forwarded to Aerocamera Services Ltd. to confirm our request for aerial photographs of the area in September. Carried.

• Moved by G. Kenney, seconded by E. Pergolas that council for Anson, Hindon and Minden agree to participate with Lutterworth Township in the installation and ser-

ving of an Area Information Centre to be located on Highway 35 approximately one mile north of the county's southern border. Anson, Hindon and Minden agrees to provide a concrete pad and building complete with necessary electrical service to equalize costs for land purchased and site preparation that Lutterworth Township has already agreed to supply. All further costs associated with interior finishing, staff, washroom facilities, etc. shall be approached on a 50/50 basis subject to approval by councils for both municipalities. Carried.

• Moved by D. Stevens, seconded by E. Pergolas that the following business tax arrears be written off. 10-431

• Moved by D. Stevens, seconded by P. Burk that the Reeve and Clerk be authorized to endorse the contract with CMHC regarding the RRAP. Carried.

Deputy-reeve E. Pergolas reported that the 1983 budget had been drafted for passing and a special meeting was scheduled for June 2 to discuss the various details.

• Moved by E. Pergolas, seconded by D. Stevens. Recorded vote - Yay - P. Burk, E. Pergolas, D. Stevens. Nay - G. Kenney.

"Whereas the lease agreement between the municipality and the Haliburton County Marksmen Club dated May 23, 1979 was terminated by the municipality; and Whereas said lease is terminated effective May 29, 1983, and Whereas a subsequent lease agreement has been prepared and reviewed by both parties and certain amendments agreed upon. Now therefore be it resolved that Council approve the new lease subject to the following amendments:

Section 2 - The shooting range may be open from Wednesday to Sunday, each week, from 12:01 p.m. to sunset daily excepting on Sunday at which the shooting will terminate at 5:00 p.m. Shooting will only be permitted for 20 Sundays during one calendar year.

Section 7 - No metal of any kind, other than common nails, is to be used in the target area. And further that this agreement as amended be forwarded to the Haliburton County Marksmen Club together with a letter advising that the terms of this agreement are not open to further negotiation. Carried.

As John Wood (centre) tries a header Jim Milne (left) looks for a loose ball in front of the Gravenhurst net. Despite hitting two crossbars, and having several

other close calls, the Haliburton County soccer club were unable to win their home opener, played Sunday at HHSS in Haliburton village.

Cardiff eyes energy conservation

The regular meeting of the municipal council of the Corporation of the Township of Cardiff was held May 6 in the council chambers, McGillivray Building, RR 3, Bancroft.

All members of council were present. Members of staff in attendance were: Thomas Elliott, road superintendent; Gayle Billings, AMCT, clerk treasurer and Frances Clark, deputy clerk-treasurer.

Also in attendance were Joe Paul, Kenneth Murchison, Garth Clark, Coleen Webster, Joseph and Jean Johnson and Frank Walker of the Ministry of Natural Resources.

Resolutions

• Moved by John Irwin, seconded by Debbie Donaldson that the minutes of the regular meeting April 8, 1983 and special meeting of April 23, 1983 are adopted as circulated. Carried.

• Moved by Ross Duncan, seconded by Paul Slighte that the municipal oil conversion and energy conservation program for both the McGillivray Building and Highland Grove Recreation Centre be held in abeyance until 1983 budget has been established. Carried.

• Moved by Ross Duncan, seconded by John Irwin that council go into committee of the whole to discuss lot tenders after general meeting. Carried.

• Moved by John Irwin, seconded by Paul Slighte that Township of Cardiff policy statements 001 to 019, inclusive, and appendix "A" are adopted, retroactive to

Jan. 1, 1983 in principle.

Recorded vote: Yeas: Mack Peters, Paul Slighte, John Irwin. Nays: Ross Duncan, Debbie Donaldson, resolution carried by one vote.

• Moved by Ross Duncan, seconded by Paul Slighte that Work Creation Committee be authorized to establish guidelines for Cardiff Heritage and Tourism Development Program, Experience '83, Internship Program to include supervision for Cardiff Information Booth. Carried.

• Moved by Debbie Donaldson, seconded by Ross Duncan that a by-law to write-off taxes from the collector's roll of the Township of Cardiff under authority of The Municipal Act, R.S.O. 1980, Section 496(1) be read a first time, considered read a second and third time, passed and numbered By-law no. 12-83, signed by the reeve and clerk, sealed with the seal of the Corporation and engrossed in the by-law book. Carried.

• Moved by Ross Duncan, seconded by John Irwin that the following accounts are authorized for payment: general voucher 83-4 - \$17,143.84. Canada Community Development Project 83-4 - \$1,328.52; roads voucher 83-4 - \$10,118.93. Cheque numbers 6971 to 7027 inclusive, excepting number 7003. Carried.

• Moved by John Irwin, seconded by Debbie Donaldson that pursuant to the judgement handed down by Judge Woods on the 28th day of May, 1981, we hereby

direct the clerk to request Mr. Art Tompsett to remove gate on lot 24, concession 6 in the Township of Cardiff within 28 days, failing to comply, the Township will be obligated to remove same. Carried.

• Moved by John Irwin, seconded by Debbie Donaldson that the road superintendent is authorized to dispose of scrap metal from municipal waste disposal sites and return any revenue from sales to the treasurer. Carried.

• Moved by John Irwin, seconded by Ross Duncan that Ron Mumford is appointed to dispose of all scrap and used material from renovations at the Township Recreation Centre and return any revenue derived to the treasurer. Carried.

• Moved by Debbie Donaldson, seconded by Ross Duncan that a license to manage and conduct a raffle lottery be issued to the Slenderbenders Club for June 15, 1983. Carried.

Milton museum a step into the past

Looking for an exciting way to spend a day? Then visit and explore the Ontario Agricultural Museum at Milton. The Museum opened for its fifth season May 16, and will be open daily 10:00 a.m. to 5:00 p.m. until October 10. The 32 hectare (80 acre) site is alive with activities and demonstrations which provide both rural and urban visitors an opportunity to discover Ontario's rural heritage.

Step into the past and visit an early 20th Century carriage works with an operating wheelwright shop; or tour the reconstructed slaughter and smoke house. A fur farm and pump works are also new features for this season. The Museum offers demonstrations of pioneer farming and more than 25 buildings and displays will be open for visitors to enjoy.

This spring, the museum is busy plowing, planting crops and tending newborn livestock. Weekends offer a variety of special events to delight all ages.

Visitors can relax at the eating and picnic facilities, or explore the grounds by using the wagon transportation. Organized school and group tours are a specialty, but book in advance to get the most from your visit!

The Ontario Agricultural Museum provides an ideal outing for the whole family, young and old. The Museum is located 8 km west of Milton, on Townline south of Highway 401. Admission rates are adults \$2.50, students \$1.50, children \$1.00, seniors \$1.25 and a family rate of \$6.00. Discover the Ontario Agricultural Museum this summer!

32. in memoriam

Fond and loving memories of our dear parents, **BERT AND LINDA MINTZ**, who God called to be with him, Papa, April 8, and mother May 24/82.

"For if we believe that Jesus died and rose again, even so they also which sleep in Jesus, will God bring with him." (1 Thess. 4:14 and 13:17). Asleep in Jesus, perfect peace. At rest in love and sweet release. Awaiting the day, in the fullness of time He'll come with his own, in glory divine. And, we alive and on earth do remain. Shall be caught away, when he comes again. To meet our Lord in the clouds. And all be together forever, in eternity. **The Family** 32-P-1

CRUIKSHANKS, James - In loving memory of a dear husband and father, Jim, who passed away June 1, 1978. There's a special corner in our hearts We keep it just for you, As long as life and memory last, We'll always love and remember you. Sadly missed by Eleanor, Debbie and Don. 32-B-1

TOFT, TED: In loving memory of a dear husband who passed away June 2, 1980. As time unfolds another year Memories keep you ever near. Silent thoughts of times together Hold happy memories that will last forever. Sadly missed by wife Kay and family. 32-P-1

In loving memory of **DONALD WILLIAM BURNS** who passed away May 26, 1983. Always true, thoughtful and kind, wonderful memories he has left behind. Many lessons you have taught Always loved and never forgot. Sadly missed by Barbara Teskey and family. 32-P-1

in memoriam

SAWYER, Ida Rosetta, who passed away on May 29, 1973.

Ten years ago today God came and called you away. Many a day we drop a tear Because of your voice we do not hear. But then we close our eyes, And there you are, But yet so far, We think of all the good memories and love in care, While we were together that we did share. With loving memories from your son Fred, daughter - in-law Gloria, grandson Jim, granddaughter Debbie Sawyer. 32-P-1

Township of Snowdon
FINANCIAL STATEMENTS
at December 31, 1982

AUDITORS' REPORT

To the Members of Council,
Inhabitants and Ratepayers of
the Corporation of the
Township of Snowdon

We have examined the balance sheet of the Corporation of the Township of Snowdon as at December 31, 1982 and the statements of revenue and expenditure, ended. Our examination was made in accordance with generally accepted auditing capital fund operations, and reserve and reserve funds continuity for the year then standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation of the Township of Snowdon as at December 31, 1982 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles for Ontario municipalities applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS

for the year ended December 31, 1982

1. Accounting Policies

(a) Statement of Revenue and Expenditure

This statement reflects the revenues and expenditures of the revenue fund. There are no local boards or municipal enterprises consolidated in these results.

(b) Statement of Capital Fund Operations

This statement reflects the capital expenditure of the municipality to be recovered from the general municipal revenue of the municipality.

(c) Balance Sheet

This statement reflects the assets and liabilities of the revenue fund, the capital fund and reserve funds.

(d) Fixed Assets

The historical cost and accumulated depreciation of fixed assets is not reported for municipal purposes. Instead, the "Capital outlay to be recovered in future years" which is the aggregate of the principal portion of unmatured long term liabilities, capital funds transferred to other organizations, and the cost of capital projects not yet permanently financed is reported on the Balance Sheet.

(e) Municipal Enterprises

There are no municipal enterprise activities carried on by the municipality.

2. Capital Outlay To Be Recovered In Future Years

Capital outlays, including fixed assets and the transfers of capital funds in the amount of \$2,330, which have been financed from general municipal revenues of the current year, are reported on the Statement of Revenue and Expenditure.

3. Reserve Funds

During the year \$1,355 were credited directly to reserve funds without being recorded as revenues and expenditures of the Revenue Fund. Major sources were:

Interest Earned \$1,355

4. Accumulated Net Revenue (Deficit) At The End Of The Year

The balance in the revenue fund at the year end is available to reduce (to be added to) the levies of the following classes of ratepayers.

	1982	1981
General ratepayers	\$ 8,036	\$ 14,158
School board ratepayers	(35)	4
Region (County) ratepayers	(29)	122
	\$ 7,972	\$ 14,284

5. The preceding data has been extracted from the audited 1982 Financial Report of the Township. Copies of the 1982 Financial Report are available at the Township Offices to any resident who wishes to review or analyze the financial operations of the Township in greater detail.
